NO. 154—SIXTY-FIRST YEAR VICTORIA, BRITISH COLUMBIA, FRIDAY, JUNE 13, 1919. EIGHTEEN PAGES

RAILROAD WORKERS ARE NOT PLANNING TO JOIN IN STRIKE

Rumors of "Possible" Sympathetic Walkout Circulated on Coast Have Little Foundation—High Official at Winnipeg Says Drastic Action by Brotherhoods Is Not Probable

ALLEGED RIOTERS TAKEN BY POLICE

Manitoba Government Offers Rewards for Conviction of Men Who Took Part in Tuesday's Riots—Minister Robertson Again in City —No Resumption of Street Car Traffic

WINNIPEG, June 12.—There is little foundation for rumors that are current that the railway running trades unions mean to join in in the sympathetic strike in spite of the warnings of their internationals and the serious consequences to themselves, according to a high official of one of the brotherhoods, when seen tonight. "Drastic action of any kind is improbable," he said.

Special police officers this afternoon arrested Carl Boisse, a Russian Pole, who is believed to have been one of the alien ringleaders responsible for the rioting which took place on Main Street on Tuesday. Two well-known aliens were also arrested at the Swift-Canadian plant this afternoon. They are charged with attempted intimidation.

The Manitoba Government took a forward step toward arrest and punishment of rioters. A reward of $500 was offered for information leading to the arrest and conviction of persons who assaulted Sergt. Frederick G. Coppins, Victoria Cross hero, last Tuesday, while on duty as a special constable. One hundred dollars will be paid for the conviction of any other person who threw missiles during the rioting. Owing to the riotous conditions prevailing during the last few days, the members of the special returned soldier police force were ordered armed and instructed to defend themselves and the law with whatever force may be necessary.

Minister of Labor Returns

Senator Gideon D. Robertson, Federal Minister of Labor, arrived in the city this afternoon, and it was intimated at citizens' committee headquarters that he is armed with very wide authority in connection with the strike situation. Mr. Robertson declined to issue a statement at this time.

Strike issues took a minor position in the scheme of things today, as the beginning of the fifth week of Winnipeg's general strike was devoted to the celebration of the return of the 78th Grenadiers Battalion and the 12th Field Ambulance corps from the battlefields of France. The battle-worn veterans paraded the main streets, and were wildly cheered by the throngs which lined the route of march.

The chief concern of the civic authorities is the resumption of street car service, which has been paralyzed for more than four weeks. Although it had been definitely declared by Mayor Charles F. Gray and other officials that cars would operate today, it was decided to postpone action until ways and means could be thoroughly discussed. Only two of the striking carmen responded to the appeal of the management of the railway company to report for duty today. A strong force of pickets was placed about all barns by the striking forces.

"Supervising organizations," stated Manager McLimont, "were on duty at the barns today, but only two of the 1,650 operators reported. It was obviously impossible to resume street car service. What the next step will be has not been decided. Conditions in the city will have some bearing on just when service can be resumed."

Civic officials went into conference with McLimont this morning to discuss ways and means.

Still Mediating

"There is a prospect of some further negotiations, and just for the present we are holding up the statement we intended to give to the public," said Mr. H. E. Barker, chairman of the railway brotherhoods' mediation committee, when interviewed tonight. "We are figuring on being able to do something toward a settlement, but whether our efforts are going to be attended by any success or not, I do not know," added Mr. Barker.

The mediation committee of the railway brotherhoods has been endeavoring for the last three weeks to settle the dispute in the metal trades which was the starting point in the general strike at Winnipeg.

Acting Chief of Police Chris Newton, appointed last night to take the place of Donald Macpherson, who was dismissed, started actively on his reorganization of the police force campaign. He stated that 31 men had been added to the force. No reason was assigned for Macpherson's dismissal.

Since Tuesday the police have been notified of six stores and warehouses having been entered by burglars. Last evening three stores were entered and $300 worth of liquor, cigars, etc., were stolen. No arrests have been made.

Hunt for Anarchists

WASHINGTON, June 12.—Attorney-General Palmer today asked Congress for a special half million dollar appropriation to carry on the hunt for anarchist bomb-throwers and enemies of law and order.

EXPLOSIVES TAKEN INTO SWITZERLAND

ZURICH, June 11.—At the trial today of the pro-German agents and anarchists, evidence was adduced showing that the German consul at Basel was in the habit regularly of importing explosives into Switzerland and exporting prohibited goods to Germany.

M. Enderly, a Socialist lawyer engaged by the defence, accused the Swiss magistrate, M. Hausser, with having exercised undue leniency toward German defendants, which enabled two of the alleged arch-plotters, Schreik and Heinrich, to escape from justice. Schreik was private secretary to Baron von Buelow, former Imperial Chancellor of Germany. He was accused of having used the diplomatic mails in communicating with Berlin.

SEEKING TO STOP JITNEY TRAFFIC

Strike Committee at Vancouver Gives Orders to Council, Which Are Ignored—Telephone Strike Is Threatened.

VANCOUVER, B.C., June 12.—The strike committee tonight delivered an ultimatum to the Mayor threatening to call out all telephone operators in Vancouver if jitneys are still operating here at 7 a. m. Friday. The telephone strike will take effect at that hour unless the city prevents the jitney cars from operating.

Threats on the part of the strike committee to call out the telephone operators in Vancouver tomorrow morning at 7 o'clock unless the city revoked the licence or bylaw which gave the right to jitneys to ply the streets during the street car tie-up were ignored by the city council tonight. As a result it is expected that the telephone service will be somewhat crippled tomorrow, but statements issued by the company tonight declared that service will be maintained.

All meat markets at present open for business are declared "unfair," and union men are asked to bear this in mind when the strike is over. A rough canvass discloses the fact that a majority of the butcher shops in Vancouver are still open for business though many are under-staffed.

The bulletin also prints a facsicile permission card, reading: "This worker operates by permission of the strike committee. (Signed) J. Kavanaugh, secretary." All eating houses have been notified that all supplies received by them must be delivered by a driver carrying a similar card. "Failure to observe this," says the bulletin, "will result in the house being placed on the unfair list."

Strike in Cobalt District

COBALT, Ont., June 12.—Carrying out their threat, the members of the Kirkland Lake Miners' Union this morning went out on strike to obtain demands made on May 27 last. Every property in that camp is affected, as are also mines in Bourke, Boston Creek and Larder Lake. Work ceased when the night shift came off.

Denial from War Office

LONDON, June 12.—The British War Office today issued a denial of the report from Stockholm that British troops are advancing on Petrograd.

COMMITTEE AMENDS KNOX RESOLUTION

WASHINGTON, June 12.—The resolution of Senator Knox, of Pennsylvania, a former Republican senator of State, to have the Senate declare definitely that it cannot accept the League of Nations interwoven with the peace treaty, was put on the calendar of the Senate today for consideration early next week.

In reporting the measure the foreign relations committee amended it, however, to strike out the section which would have declared it the policy of the American Government to co-operate in combatting any further menace to the peace of Europe. The provision was eliminated by friends of the resolution after it became apparent that otherwise favorable committee action on the measure might be endangered.

On the motion to amend, as well as on the final vote for a favorable report, all the Democratic members voted in the negative, and in each case they were joined by Senator McCumber, Republican, of North Dakota, a league supporter.

On final approval the vote stood 8 to 7.

Esthonians Evacuate Wenden

COPENHAGEN, June 12.—The Town of Wenden, in Livonia, has been evacuated by the Esthonians. It is situated on the River Aa, 50 miles northwest of Riga.

Calgary Veterans Strong

CALGARY, June 12.—The local Great War Veterans' branch signed up its six thousandth member today.

GERMAN COURSE IS UNCERTAIN

French Observers Incline to Belief That Present Government and Delegation Will Refuse to Sign Treaty.

NEW MINISTRY MIGHT ACCEPT

Independent Socialist Leader Surprises Gathering at Weimar by Saying Signature Is Forced by Necessities.

PARIS, June 12.—The attitude of the German delegation on the signing of the treaty is not clear, because the delegates, as yet, are unaware of the exact nature of the instrument they are called upon to ratify, owing to the conflicting earlier reports on the extent of the modifications accorded them.

The French believe that neither the present delegation nor the present government will sign, but they look for the immediate installation of a radical Socialist administration, which will accept the treaty.

The Council of Four reached an agreement in principle on the admission of Germany to the League of Nations last night, and left the drafting of the details to Andre Tardieu, who completed his work this morning. Captin Tardieu called on Colonel E. M. House just before the latter left for London tonight and they exchanged congratulations on the favorable conclusion of the work.

The departure of Colonel House is the first absence of an American delegate, and marks, it is believed, the near approach of the conclusion of the conference.

The delivery of the Allied reply to the Germans will be made by messenger and without ceremony. The five day limit allowed the Germans will be supplemented by another three day period, which is specified for denouncing the armistice.

Bernstein's Opinion

WEIMAR, June 12.—Eduard Bernstein, the Independent Socialist leader, startled the Majority Socialist convention here today by declaring that acceptance of the peace conditions arose from recognized necessities, even though they were hard and some were unbearable.

The audience shouted in protest, and Gustav Noske, Minister of Defence, and Herr Bauer asked about Eastern Germany, whereupon Herr Bernstein replied, to the amazement of the assembly:

"If we follow the map as it is governed by language we will see it follows, with a few exceptions, the lines set by the Entente."

Philipp Scheidemann, the Chancellor, made an address in which he ignored most of the criticisms aimed against him. His speech was well received.

PEASANTS RISE AGAINST SOVIET

Their Revolts Against Bolsheviki Rule Said to Increase in Ferocity—Desertions From Red Army Numerous.

Headquarters of the Western Siberian Army, Aksakovo, near Belebei, Eastern Russia, Sunday, May 25. —(By the A.P.).—Revolts of the peasantry against Bolsheviki rule are increasing in ferocity, according to the latest reports received at headquarters of the Siberian Army.

Captain Ofkoft, of the White Army, who escaped from a prison in Moscow, has reported to General Galitsin, the commander here, that the revolt was suppressed with the greatest cruelty. While he was in prison in Moscow, the Captain said, there was an epidemic of disanders there, and the death rate was so high that people stood in line waiting for burial permits for relatives.

Russians who were prisoners of war in Germany, and who have returned to this region, declare that the Bolsheviki are greatly depressed by desertions from their army, which increased in March and April. One regiment left Samara with 2,500 men for Bugurusian and arrived there with 500 men. Most of the Bolsheviki troops are not permitted to carry arms except at the front. More than 1,000 revolvers were said to have been killed at Kinel, Cherkaskaia.

Transportation is in poor condition, and six hundred men are reported to have been killed in one accident near Moscow.

Strategic centres are held by the Bolsheviki with Chinese, Lettish and Magyar troops, who are said to be paid as high as 1,000 roubles a month.

British Trade in May

LONDON, June 12.—The Board of Trade Returns for May show that imports were £135,857,051, an increase over May, 1918, of £9,749,767. The exports for May are given as £64,344,542, an increase over May, 1918, of £19,877,321.

NEW YORK, June 12.—William P. Larkin, overseas director of the Knights of Columbus war work, has been elevated to the Knighthood of St. Gregory by Pope Benedict, the organization announced today.

NEW BRITISH LOAN CONDITIONS

LONDON, June 12.—The Government's Victory Loan, the details of which were made known this evening, will consist of a four per cent. "funding loan," issued at 80 and redeemable within 71 years at par, with cumulative sinking fund.

There also is to be an issue of four per cent. "Victory" bonds at 85, redeemable at par by annual drawings commencing in September, 1920.

BOLSHEVIK OFFICES IN NEW YORK RAIDED

NEW YORK, June 12.—Representatives of the joint executive committee appointed to investigate the activities of radicals in this state, guarded by several members of the state constabulary, late today raided the offices of the Russian soviet government in this city and took possession of books and papers found there.

LUNCHEON OPENS LEAGUE CAMPAIGN

Aerial League and Rotary Club Hold Combined Function to Start Drive for Funds and Membership.

"A Present To You From The Victoria Branch Aerial League of Canada." Those who sat down to the combined Rotary and Aerial League luncheon at noon yesterday found an envelope bearing this inscription staring them in the face. And naturally each of the men took the first possible opportunity to examine the contents. They found in each envelope a blank check form made out to the Aerial League, and attached to it a membership application form. There was also a neat little card bearing a picture of the Pathfinder in flight, and the following inscription, "Victoria's First Aeroplane. Help Us Get More. Would You Like a Flight? If So Phone 3060." A little booklet giving the aims, principles and incorporation declaration of the Aerial League completed the unique publicity stunt.

Yesterday's luncheon opened the Aerial League Drive for membership and funds, and while the Rotary Club was assembled in the Empress ballroom, listening to various speakers set forth the necessity of supporting aviation here, Pathfinder No. 2 was circling close overhead and the motor could be distinctly heard.

Mr. Boeing, head of the Boeing seaplane factory in Seattle, flew over in one of his machines yesterday morning and was one of the speakers at the luncheon. He stated that a Victoria plane had made a return trip to Seattle and he had flown over to return the visit. He believed that these two flights were the forerunners of a constant aerial service between the cities nearby. He emphasized the necessity of keeping the aviators in training in case of another necessity.

Of Many Nationalities

Lieut. Pat O'Brien spoke for the second time before the Rotary Club, and his condensed humor was highly appreciated. He opened with a statement of the number of nationalities he represented when making his escape from Germany. He had a Spanish passport, he said, and was passing off both as a Spaniard and as

COMPLETE ACCORD HAS BEEN REACHED ON ALL QUESTIONS

Statement Is Made in Responsible Quarters in Paris That Reply to German Counter-Proposals Is Practically Ready for Presentation—Admission to League Is Included.

BARON MAKINO OF JAPAN ADDED TO ALLIES' COUNCIL OF FOUR

PARIS, June 12.—Complete accord has been reached in principle on all questions connected with the reply to the German counter-proposals. This statement was made in responsible quarters tonight.

French and American peace conference circles are highly gratified at this favorable turn after the prolonged differences of the past fortnight, verging on a deadlock. The accord includes the Silesian question, the proposed admission of Germany to the league of nations and reparations, which were the chief subjects of differences among the delegates.

The agreement on principles leaves only the details and drafting, which it is said, could be accomplished by Friday night, though the expectation is that actual delivery of the document to the Germans will not take place before Saturday.

The agreement concerning the admission of Germany is the same as drawn by Lord Robert Cecil and Col. House, with the omission of the fourth condition, requiring Germany to abandon compulsory military service. M. Clemenceau, president of the conference, contested this condition as likely to precipitate the same question in France, and the council finally dropped it. No time has been fixed for Grmany's entrance, but if she conforms to the conditions, it is expected that she will be represente d at the first meeting of the assembly.

The Silesian settlement is based on a plebiscite for the disputed Polish-German region.

It has been decided to include the reply in the treaty itself rather than present it as a supplemental document. It will contain about 25,000 words.

Baron Makino, Japanese delegate, today joined President Wilson and Premiers Lloyd George, Clemenceau and Orlando, and the Council, now known as the "Big Four," will hereafter be styled the "Big Five."

The decision of adding Baron Makino to the Council is explained by the fact that his government must be given an opportunity for full adherence. His entry into the council meeting today necessitated re-arranging the entire reply, article by article.

The conditions for the admission of Germany to the League of Nations, embodied in the report of Lord Robert Cecil and Colonel House, are:

First, establishment of a stable government.

Second, signing of the treaty of peace.

Third, loyal execution of the peace treaty.

A proposed fourth condition, relative to Germany's abolishing compulsory military service, was finally omitted on Premier Clemenceau's suggestion.

HUNGARIANS PRESS ON CZECH TERRITORY

PARIS, June 12.—Buoyed up by their recent victories against the Czechs, the Hungarians apparently are determined to capture Pressburg, the Czechs' chief river port.

The Czech armies are being organized under French officers. Peace conference circles are much worried over the situation, as reports indicate that the Hungarians have practically all the old Austrian army's artillery, and are much better equipped than the Czechs.

The President of Czecho-Slovakia is appealing to the conference daily for assistance.

GIVES STRIKERS MORAL SUPPORT

American Federation Takes Action on Proposed Walk-Out of Telephone Workers —Mr. Burleson Is Censured.

ATLANTIC CITY, N. J., June 12.—A strike designed to cripple the telephone systems of the country will begin Monday with the full moral support of the American Federation of Labor, unless a satisfactory working agreement is reached before that time between Postmaster General Burleson and the International Brotherhood of Electrical Workers, which numbers among its members the bulk of the union telephone operators in the United States. By unanimous vote the reconstruction convention of the Federation adopted a resolution today giving its support of the strike and providing that Samuel Gompers, president of the American Federation of Labor, should be appointed a committee to co-operate with a committee of electrical workers, the joint committee to take up grievances with the postoffice authorities at Washington in the hope of averting the walkout.

During the debate Postmaster General Burleson was termed a tyrannical official by delegates who thought any attempt to obtain "justice" from the postal executive would be utterly futile. In this connection reference was made to a resolution which will come before the convention later, in which, if it is passed, President Wilson will be requested to remove Mr. Burleson. Sponsors of the strike support resolution accused Mr. Burleson, during the debate, of turning back operating control of the wire systems of the country as a means of "getting from under."

The convention listened to several addresses by British and Japanese delegates, who emphasized that closer co-operation between the laboring men of various nationalities would furnish a means of preserving the future peace of the world.

Mr. M. Walsh, delegate from Canada, told the convention that "we workers have a battle to fight. There is no one to fight for us. We want to fight it for ourselves. The universal eight hour day is the practical solution, in Canada at least, of the returned soldier problem. The eight hour day is the step toward the six hour day."

The vital importance of close co-operation between the American and British nations as a means of insuring the future peace of the world was today impressed upon the reconstruction committee of the Federation by Miss M. Bondfield, delegate from the British trades union congress.

Explosion of Boiler

NEWMARKET, Ont., June 12.—Fifteen work-people were injured—two of them seriously—at the cane woodworking factory here this morning, as the result of a boiler explosion. The damage amounted to several thousand dollars.

Bow River Liberals

CALGARY, Alta., June 12.—Efforts to join up with the U. F. A. for joint political action will be made by the Liberals of Bow River riding, it was decided in convention today. The convention nominated no candidate, but named delegates to Ottawa

COMMUNISTS WORK HAVOC IN BUDAPEST

Bela Kun Issues Great Amounts of Paper Money, Which Peasants Refuse to Accept in Exchange for Produce—Food Prices Rise to Inaccessible Heights in City

BERLIN, Tuesday, June 10.—Conditions in Buapest, especially those incident to the shortage in metal money, are described by a special correspondent of the Tageblatt of Berlin. Bela Kun, the communist leader, the correspondent says, has issued a huge amount of paper money, with which all labor is paid, but which the peasants refuse to accept, with the result that two pounds of beef cost the equivalent of $24 to $26 at the peace time rate of exchange and two pounds of fat or butter $60.

"The weekly meat ration," the correspondent continues, "has fallen from 750 grams to 120 grams. Bela Kun has given permission for residents of Budapest to make personal trips to the country to collect food, allowing them to bring in fifty pounds, but even that is useless because the peasants will not take paper money, declaring it is worthless.

"The latest Bela Kun plan to relieve the situation is to send the 'unproductive classes' and other bourgeoisie in the country. He is also considering a plan of remelting the silver and gold he has confiscated.

"All the stores in Budapest are closed, even the book stores, on the order of Bela Kun, because the population showed an unlooked-for talent in buying goods in order to get rid of the worthless money wherever its acceptance was obligatory. The restaurants are open only at meal times, and the cafes only from 6 to 9 o'clock in the morning and 6 to 9 o'clock at night.

"The Hotel Hungaria, the former social centre of Budapest on the Danube, is occupied by the people's commissaries. Barricades have been built around it, and machine guns placed behind the barricades.

"The number of marriages, oddly enough, has increased astonishingly. A normal average for the months of April and May was 2,500, but from March 20 to the middle of May, 1919, the number rose to 10,680. This is due to the ease with which marriage is possible. The newly-married couples, however, have the greatest difficulty in finding homes, even though Bela Kun confiscated all the palaces and public buildings.

"The picture in the streets of Budapest is entirely changed. No more hawkers and newspaper vendors are seen. Automobiles and cabs have been confiscated. The Danube steamers are idle, with the red flag floating from their masts."

Telegraphic Strike Affects All Country

Statements Made by Union Officials and Companies in Regard to the Extent Are Contradictory—Order of Railroad Telegraphers Will Stop Handling Commercial Messages

CHICAGO, June 12.—Despite the claims of union officials that 18,000 telegraphers were idle today, and that the tie-up would be complete by Monday, commercial telegraph business, particularly between large cities, is being handled on practically a normal basis, according to reports to the commercial companies here tonight.

Officers of the commercial telegraphers' union of America, which called the strike to enforce the demand that the workers be permitted to organize, "bargain collectively and obtain adequate wages," were elated over an announcement from St. Louis that union railroad telegraphers were ordered to discontinue handling commercial business after 6 a.m. Saturday.

The order was issued by E. J. Manion, President of the Order of Railroad Telegraphers, and affects 50,000 operators, it was stated. Whether the railroad operators will be called out on a sympathetic strike will depend upon developments of the next few days, it was stated.

The strike leaders gained further confidence through adoption by the American Federation of Labor of a resolution pledging moral support to the strike called for June 16 by the International Brotherhood of Electrical Workers. The union men claim the brotherhood has a membership of more than 100,000, which includes the bulk of the union telephone workers throughout the country. Charles Ford, secretary of the brotherhood, denied reports that some of the members already had walked out in sympathy with the striking operators.

S. J. Konenkamp, president of the Commercial Telegraphers' Union of America, who is directing the strike from headquarters here, after a number of long distance telephone conversations with Eastern representatives, declared assurances had been given that the broker operators in New York would join the strike as soon as developments warranted such action.

Company's Statement

Meanwhile officials of the Western Union Telegraph Company claim that the strike has been a complete failure so far as that company is concerned, and officials of the Postal Telegraph Co. assert that traffic is being moved without interruption.

The Association of Western Union Employees, which represents 65 per cent of the employees of the Western Union, received telegrams from all sections of the country saying all workers were reporting for duty, despite the "propaganda of the strikers to spread trouble."

Fewer postal employees were out today than yesterday, according to reports to the Chicago office.

President Konenkamp charged that the determination of Postmaster-General Burleson not to enforce the rule prohibiting discrimination against union workers had brought on the strike. He said that Mr. Burleson had been informed before the strike was called that all controversy would be cleared up if he would permit the right of collective bargaining and establishment of a tribunal to fix fair wages.

MANUFACTURERS MISUNDERSTOOD

Retiring President Contends That Association Is Friend of Labor—Western Agitators—Election of Officers.

TORONTO, June 12.—Labor conditions in Canada, particularly in the Western Provinces, were discussed at this morning's session of the Canadian Manufacturers' Association. Mr. W. J. Bulman, the retiring president, replying to a vote of thanks, declared that Canadians did not recognize the national importance of the association and the fact that possibly it is the most necessary body in Canada at the present time.

Referring to labor unrest in Manitoba, Mr. Bulman said that agitators there were telling the workers to adopt the One Big Union idea, as the manufacturers have such an organization.

"When Labor understands the organization they will come to the conclusion that it is the best friend they have had," he declared. "We should make it clear to the public that we are performing a national and not a selfish service."

Slurs and attacks on the Canadian Manufacturers' Association, he added, were simply made in ignorance. The association should be interested in getting Labor's poverty changed. In the West agitators were men with half-baked economic ideals, and the sooner the Dominion Government took hold of them and placed them where they belonged, the better it would be for Canada.

Mr. George C. Robertson, Edmonton, urged the members to study the peculiar conditions developing in the Western Provinces, where there is a growing antagonism between manufacturers and agricultural interests.

Mr. C. H. Parkers, of Toronto, speaking in this connection, said he would not like to say that politics was responsible, but there was a barrier between farmers and manufacturers. He hoped that before long relations would be re-established with the grain growers. The manufacturers should prove that they are not actuated by selfishness and sectionalism, but by a spirit of willingness to serve the country as a whole. "We should do all we can to get in touch with the agricultural interests."

Mr. R. H. Howard, Montreal, was elected president of the association for the ensuing year.

The other officers are: First vice-president, J. S. McKinnon, Toronto; second vice-president, W. Fisher, Sackville, N.B.; third vice-president, J. F. Ellis, Toronto; auditor, W. C. Eddis, Toronto.

SERIOUS RACE RIOTS OCCUR IN ENGLAND

LONDON, June 12.—Serious race riots occasioned by the presence of negroes brought from Africa and other parts of the world during the war as labor battalions, have occurred at several ports in England and Wales recently. They culminated in a night long fight last night between negroes and white men at Cardiff and Barry dock, nearby. One white man was killed and numerous whites were wounded. Boarding houses in the negro quarter were stormed, one of them set on fire and others looted.

This morning negroes armed with revolvers fired on the police in Liverpool, where similar scenes occurred.

The local authorities have asked for government aid.

Denial From Vatican

ROME, June 12.—Reports that the Holy See might participate in asserted attempts at a monarchial restoration in Austria are officially denied at the Vatican.

A Wonderful Food For Body and Brain

TELEGRAPHIC STRIKE AFFECTS ALL COUNTRIES

(Continued from Page 1)

The Postal Telegraph Company in Chicago, which was hard hit by the strike yesterday, reported better conditions today. Delivery service, both of the Western Union and Postal, was greatly hampered here by the strike of all messengers.

Railway Telegraphers' Action

President Konenkamp, of the union, declared the action of the Order of Railroad Telegraphers was a very important step.

"Of the 25,000 Western Union offices in the country, 23,000 are in railroad stations," said Mr. Konenkamp. "By refusing to handle commercial messages the railroad telegraphers will cut off from the Western Union the telegraph business of the smaller towns and cities where those offices are in railroad stations."

Mr. Konenkamp also said that a large addition to the ranks of the strikers in New York had been obtained today, according to his advices. In Chicago, he added, the union had gained 100 workers today.

The strikers held a meeting this afternoon and afterward paraded past the Western Union offices. Union officials estimated there were nearly 600 of them. Messengers to the number of 200 are on strike in Chicago.

Different Statements

NEW YORK, June 12.—Widely divergent statements on the status of the Commercial Telegraphers' Union strike were issued tonight by officials of the Western Union and Postal Telegraph Companies and leaders of the union in this city.

Edward F. Reynolds, vice-president and general manager of the Postal, asserted that many operators who went out yesterday had returned, and that not more than 20 per cent of the company's employees were out.

W. H. Faghbaugh, vice-president of the Western Union, declared that the strikers had gained less than 50 adherents throughout the Western Union system today and that in all only a few more than 200 men are out."

Percy Thomas, vice-president of the C. T. U. A., who is directing the strike here, scoffed at the claims of the company officials, asserting that the strike had gained considerable headway during the day. The total number of strikers now is close to 25,000, he said.

Mr. Thomas added that operators employed in brokerage offices were ready to walk out as soon as a strike order was received from Mr. Konenkamp in Chicago. Their walkout, he said, would affect about 3,000 operators throughout the country, and would virtually tie up Wall Stret and other financial centres.

The strike of the Electrical Workers' Brotherhood, scheduled for next Monday, he said, would be of immense aid to the telegraphers in enforcing their demands.

Indications that a settlement with the Postal might come soon was given in an address by Mr. Thomas to strikers here this afternoon. He urged them not to be "too hasty in condemning the Postal," stating that he did not believe Clarence H. Mackay, president of that company, could be considered "unfriendly to labor interests."

Situation on Coast

SAN FRANCISCO, June 12.—Plans for a complete tie-up of every wire utility in California in response to orders declaring national strikes were discussed at a meeting here today of representatives of 50 unions affiliated with the International Brotherhood of Electrical Workers. The meeting was called to plan for a strike of electrical workers, called for next Monday, and to discuss aid to the commercial telegraphers, who are now out. A mass meeting of electrical workers in the San Francisco Bay region has been called for Saturday night to perfect strike plans.

The second day of the telegraphers' strike apparently found little change on the Pacific Coast. The Western Union Company admitted here today that "a few" of its men had quit, while the Postal Company, which admitted that it was crippled, announced that all messages would be subject to delay.

Fourteen linemen were said to have gone out in various places in the State today to aid the telegraphers. Telegraphers' union officials announced that the broker operators were preparing to quit, and that they had ben notified that the railway operators would not handle any business for the telegraph companies after Saturday.

Meetings of the striking telegraphers were called today to perfect strike organization.

LOS ANGELES, June 12.—"We are meeting with success in all the territory under my jurisdiction," was the comment here tonight by L. I. Marshall, first international vice-president of the Commercial Telegraphers' Union of America, on the strike of members of that organization. Mr. Marshall is directing the operation of the strike west of Denver.

Mr. Manion Explains

ATLANTIC CITY, N. J., June 12.—E. J. Manion, president of the Order of Railroad Telegraphers, tonight explained that the strike called by him was not a "complete strike," but simply one against all commercial business of the Western Union and Postal Telegraph Companies.

"Twenty thousand railroad operators," said Mr. Manion, "have for a long time been anxious to get rid of the Western Union business they were handling. While they have been dispatching trains and handling railroad business the Western Union has required them to handle commercial business, for which they received no pay whatever.

"The situation now is that the railroad operators sending commercial messages into a Western Union relay office have to send to 'scab' operators or to operators who are the same thing as 'scabs'—those who would not leave their keys in answer to the strike call issued by the Commercial Telegraphers' Union. Our men simply will not handle these messages any longer under these conditions."

Occupation of Oesel Island

PARIS, June 12.—The Council of Four has sanctioned the occupation of Oesel Island, which commands the entrance to the Gulf of Riga, by British troops. The Esthonian Government agreed on the occupation as a guarantee for the payment of financial aid to the Esthonians.

BIG TRANSPORT MAY BE SALVED

Graf Waldersee Is Beached After Being Damaged in Collision—Steamship Yankee Sinks in Deep Water.

NEW YORK, June 12.—Tugs sent to the assistance of the steamships Yankee and Graf Waldersee, run down by other craft in a heavy fog off Fire Island late last night, arrived here this afternoon, bringing some of the crew of the Yankee and 10 army officers taken off the Graf Waldersee, a naval transport.

No hope is entertained by naval officers of salvaging the Yankee, operated by the United States Shipping Board, which sank in deep water soon after she had been rammed by the Italian steamer Argentina.

There is hope of saving the Graf Waldersee, however. The transport, formerly a flagship of the Hamburg-American Line, is now resting in 40 feet of water, two miles off Long Beach, where she was towed by the United States steamship Patricia, after the steamer Redondo had torn a great hole in her side.

Only a few of the transport's crew of 400 had been removed tonight, as the craft was considered in no danger so long as a storm did not arise.

LUNCHEON OPENS LEAGUE CAMPAIGN

(Continued from Page 1)

a Belgian. He was in the British Army, was born in America, had an Irish name, a fondness for Scotch, and the instincts of a Jew.

Lieut. O'Brien told how he had made his first flight in California just nine years ago tomorrow. The plane, invented by a German, was propelled by a bicycle. The ambitious aviator took off on a hillside and landed in a woodshed.

The speaker said that he had yesterday met Capt. Norman Hall, of Victoria, who had been with him on the train the night he leaped from it and made his escape from Germany.

He had been told that there were eleven armies in Russia. "It looks like a good year for me," he smiled.

In closing his address Lieut. O'Brien remarked that he was glad to be in Victoria again, although when here he was always either going to or coming from a war.

Mr. John Cochrane, President of the Canadian Club, pointed out the value of the aeroplane during the war and the need of its maintenance in times of peace.

Lieut. Harry McDiarmid said that although the League had lived up to its aims as far as showing the possibilities of commercial flying were concerned it had been unable to fulfil its other ambitions. Only three of the many Victoria pilots had flown here and more machines were urgently needed. Seventy-five per cent of the Canadian pilots would have to be retrained. Many of the Canadian aviators had gone to the States where they could fly.

The Aerial League officials are planning some unique publicity stunts for the drive. Canvassing will start today in the business section to raise the $25,000 needed by the League.

LIQUOR REFERENDUM IN WASHINGTON STATE

OLYMPIA, Wash., June 12.—Petitions for the submission to a statewide referendum vote of the joint legislative resolution ratifying the Federal prohibition amendment, were filed in the Secretary of State's office yesterday 30 minutes before the time limit for accepting such petitions expired.

The petitions were filed by Mr. John F. Murphy, representing the California Grape Protective Association, and were estimated to contain 26,000 names. Under the law 22,256 signatures are requested to have the referendum placed on the ballot.

It was announced that a check of the petitions probably would be completed within two weeks.

Noske's Declaration

WEIMAR, June 12.—"We are still in office and we will stick, but it is our duty to save the German people," Gustave Noske, the Minister of Defence, declared, at the meeting today of the Majority Socialist party.

Salvation Army Jubilee

LONDON, June 12.—The Salvation Army, which had its beginning in London in 1865, will hold here this week its half-century jubilee celebration, postponed from 1915. International demonstrations will take place on Saturday and Sunday.

Refuses Mooney Strike

SAN FRANCISCO, June 12.—The proposal to call a general strike in sympathy with Thomas J. Mooney was defeated, two to one, by Machinists' Union No. 68 here yesterday. Edward I. Nolan, who was indicted in connection with the bomb case, is president of the union.

How to Kill Dandruff So It Won't Return

By a Specialist

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature grey hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found, after repeated tests, will completely destroy the dandruff germs in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—8 ounces Bay Rum, 2 ounces Lavona de Composee, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring grey hair to its original color.

Condemns Alberta Liquor Law

CALGARY, June 12.—The Calgary diocese of the Anglican Synod in session here, passed a resolution condemning the Alberta liquor act on the ground that it could not be enforced. Their attitude was that the government should pass legislation that could be enforced. The synod did not favor a return to the licence system. The resolution to admit women to places in the vestry was defeated.

CATHOLIC UNION AVOIDS STRIKE

Members Speak of Its Methods Before Industrial Relations Commission—Other Statements on Labor Questions.

QUEBEC, June 12.—How the various locals comprising the National Catholic Union had avoided strikes by conciliatory methods, was described to the industrial relations commission at its meeting in the city hall yesterday afternoon by the members of a delegation from that organization. They particularly inveighed against the interference of outsiders, such as the officers of international unions, in their affairs, which they contended they were quite well able to look after by themselves. The delegation included Abbe Fortin, chaplain of the National Catholic Union, who described the advisory part he played in the affairs of the body, and who contributed evidence on the cause of labor unrest in the Quebec district.

Other witnesses were Joseph Edmonds, a member of the British Seamen's and Firemen's Union, who described the expeditious manner in which the British maritime board adjusted wage disputes; J. B. Foster, a machinist, who complained that international union men were discriminated against in the shipbuilding industry in the Quebec district; Charles P. Casgrain, manager of the local municipal waterworks plant, who pointed out that while the salaries of civic and civil service employees had remained stationary, their living costs had advanced by leaps and bounds; Mrs. J. B. Hamel, president of the Quebec Housewives' League, who pleaded for the elimination of the middleman in trading in foodstuffs, and Mrs. A. Labreque, who announced that large quantities of foodstuffs were being taken from this district to the United States, with the consequence that prices were soaring here.

Joseph Pelletier, a boilermaker, the first speaker for the National Catholic Union, said he worked for the Davie Shipbuilding Company, Levis, which employed about 1295 men. He said their relations with the company were quite amicable. When they had had a grievance they submitted it to the company and it was always redressed.

HEAVY RAINS HELP CROPS ON PRAIRIES

REGINA, June 12.—Heavy rains lasting several hours, which began about 2 o'clock yesterday morning have wonderfully refreshed the crops, which were beginning to feel the effects of the prolonged dry spell. Farmers here are jubilant over conditions, as the skies are overcast and the atmosphere of the steamy variety in which growth is rapid.

From Moose Jaw come reports that rain has fallen heavily, 1.56 inches being recorded between 10:30 p. m. Tuesday and 7 a. m. today. At Assiniboia and Swift Current also heavy showers have cheered the farmers. The timely rain has come just when farmers were beginning to become anxious and the crops over South Saskatchewan have been given a new lease of life.

PROSPECTORS SHOT BY UNKNOWN PARTIES

EDMONTON, June 12.—The dead bodies of Frank Lawrence Sharp, an American, of Omaha, and Joe Rigalado, a Mexican halfbreed, have been found in the fastness of the Rocky Mountains, 170 miles west of Hudson's Hope, by men cutting a trail into the region where copper claims have been located. One body had seven bullet holes in it and the other six. Guns lay by either body, and empty shells around.

Sharp and Rigalado passed through Peace River early in March on route to Hudson's Hope to prospect for and locate copper claims for a syndicate. They were heard from in April, saying they were ten days ahead of any other party. Foul play is suspected, as it is known that rival parties are competing for locations. Valuable mineral claims are said to exist in the Hope region.

CLOTHING TRADE ENTERS PROTEST

OTTAWA, June 12.—Representatives of the clothing trade who have taken exception to the statement made by Dr. McFall, commissioner of the cost of living, that the price of clothing had not come down, will be heard on Friday morning before the special committee of the House inquiring into the cost of living.

The manufacturers of clothes, as well as the retail trade, have been bombarding the government and members of the House with telegrams of protest, in which they assert that there is no justification for the report being made by the cost of living commissioner.

BARTER SYSTEM IS NOW FORCED

Trade Commissioner Harris Tells Manufacturers' Association of European Conditions—Trade Opportunities.

TORONTO, June 12.—Lloyd Harris, Canadian trade commissioner, astonished the members of the Canadian Manufacturers' Association yesterday afternoon when he addressed the annual meeting of the association, by telling them that owing to the stringent financial conditions in Europe, dealers would have to go back to the old Indian system of trade and barter. He instanced an offer from the Russian provisional government in Southeastern Europe to exchange material for Canadian goods instead of paying money.

Speaking on export trade, Mr. Harris outlined the opportunities that were before the Canadian manufacturers and dealers in the overseas markets. He emphasized all through that the solution of the problems was "up to them."

Canadians, he said, had demonstrated their ability to manufacture efficiently and economically, but he was not so clear as to their ability to sell. Britain, he said, was absolutely bare of everything. The market in raw materials alone was tremendous.

"We in Canada are unprepared, unfamiliar and uneducated in questions of foreign trade," said Mr. Harris. "Cotton goods could be produced in Montreal cheaper than in Manchester," he said.

The boot and shoe industry was capable of tremendous evelopments. European countries were willing and anxious to meet Canada more than half-way.

POSTAL WORKERS WISH TO RESUME

Men at Calgary Desire Reinstatement, and Confer With Mr. Tweedie—Members of Other Unions Working.

CALGARY, June 12.—With the postal situation practically the only unsettled element of the sympathetic strike in Calgary, the effort of the radical agitators to upset industrial conditions throughout the West is now regarded as totally defeated.

Express business in Calgary is now going forward as usual, the Dominion Express workers being on the job with the exception of a half dozen. The Canadian Northern Express workers, who voted yesterday to return to work, were on the job as usual this morning. Press telegraphers have returned, freight is being handled with dispatch under normal conditions, and the postal employees who were served with notice of dismissal by the Government for going on sympathetic strike are now making a strong effort to get their positions back.

The most important feature of this situation is that a big revolt is brewing among the ranks of the postal workers themselves.

Of the 178 who walked out on strike, about 70 have drawn together by themselves, away from the others, and are in favor of repudiating their connection with the Trades and Labor Council. It is stated that the only element which prevents an open repudiation of the strike movement is the firm stand taken by the Government that none of the men who went on strike shall have their positions back.

So strong has this movement become among the striking postal workers that it resulted in a complete backdown of the central strike committee today, which conveyed the information to Mayor R. C. Marshall and the special committee of the council that the central strike committee would not object to a conference between the committee representing the striking postal workers direct and T. M. Tweedie, M. P. for West Calgary, without any reference to the central strike committee.

As a result of this concession, Mr. Tweedie had a conference in his office this morning with about a dozen members of the postal strikers, headed by Chairman Boothman, of the postal strike committee. At the request of the postal strikers, the discussion at this meeting was not made public. It is understood, however, that the men set forth the terms on which they were willing to return to work, and they represent a big backdown from their first position.

French Officers Replace Italians

PARIS, June 12.—Information reached peace conference circles today that the Italian officers serving with the Czecho-Slovak army have been replaced by Frenchmen.

View Window Showing

Reconstruction in Britain

LONDON, June 12.—The congress of the British co-operative union today adopted a resolution calling upon the Government to secure a continuance and extension of the plans for economic reconstruction. Another resolution declared that food control during the war had been successful, and urged the Government to continue the Food Ministry permanently.

Drought in France

PARIS, June 12.—France has been virtually without rain for 20 days, the prolonged drought causing the drying up of crops, vegetables and fruits and causing a sharp advance in prices. Today bade fair to be the hottest of the season in Paris. The temperature was 86 degrees Fahrenheit yesterday, and the indications were that it would go above 90 today.

THE ALIEN MENACE

The Government is gradually awakening to the menace of the alien population in Canada, but it is doubtful if the steps contemplated to cope with the propaganda afoot are all that the public desire. If we are not mistaken, the Government possesses the power to revoke certificates of naturalization in cases where individuals are plotting against the constituted authority. This is a power that should be exercised. There are in Canada 88,784 Russians of 16 years old and over, and 70,000 Austrians, while there are many thousands of Germans, Bulgarians and members of Slavic nationalities. As far as the latter are concerned there seem no definite statistics available, while the figures we have quoted are taken from those collected during last year's registration, and it is not at all certain they are correct, or as full as they ought to be. There is sufficient known, however, to show what a danger these foreigners constitute, inasmuch as the Government has information in its possession which indicates very many of them are more or less affected by revolutionary ideas.

We know in British Columbia what the alien problem is and what a source of unrest it can prove. In the Prairie Provinces it is even more alarming. It is true these foreigners were admitted to the Dominion almost without restriction at a time when the whole outcry was for immigration without any regard to the character of the newcomers. Now it is becoming widely known that many, if not the great bulk of these immigrants, have proved undesirable citizens, and it is a question for the Government to decide how long they are to remain a disruptive force in the land. Many of them have become naturalized, but that has not prevented them from being mentally responsive to the sociological and political changes in the lands of their origin, so that they are imbued with a desire to become revolutionary factors in the country where they now reside. The war brought into relief the attitude of many aliens and showed Canada where their sympathies lie. Subsequent developments are tending to emphasize the motives which direct their course, while knowledge is also being gained of the co-ordination of their plans for spreading revolutionary ideas.

The propaganda of these aliens is printed in half a dozen languages in as many towns of the Dominion, and is issued throughout the length and breadth of the land. The money for this, no doubt, comes from Russia, or from Germany, or from both countries, for each is equally interested in the propagation of the gospel of chaos. The Government knows more today regarding this propaganda than it has ever known before, and, presumably, is prepared to rid the country, as far as is possible, of those elements who are seeking to overthrow constituted authority. Public opinion has become aroused, and especially that portion of sentiment represented by those who fought overseas, for they regard the problem in a dual light; firstly, as handicapping progress, and, secondly, because these aliens are engaged in occupations which should be thrown open to the returned men. Employers have a grave responsibility in these times, and should exercise every precaution to eliminate alien workers where these can be shown to be plotting against the safety of the country. Those who employ labor can co-operate with the Government, and in what they do they will be supported by an overwhelming public opinion. In the meantime the authorities should invoke the power of deportation and arrange for the return of alien agitators to their own lands. The deportation of enemy aliens is only a short step in the right direction, for those who are interned are not involved in the present propaganda.

FORGETTING ISLAM

A letter of more than usual significance appeared in a recent issue of The London Times dealing with the Peace Conference's disposal of problems in the Near East. It points out how hazardous the dismemberment of Turkey will prove because of the fact it will touch the Mohammedans to the quick. The possibility exists, as the writer Mr. Theodore Morison points out, that the credit of the League of Nations will be ruined with the Moslem peoples for ever. The Moslems have feared for a half a century past that the temporal power of Islam was about to be destroyed, and if, as has been suggested in some quarters, the Turks are to be expelled from Constantinople, they will believe their fear has been verified. Afghan and Indian Mahommedans have throughout been keenly sympathetic towards Turkey, for while the latter have fought on the side of Britain they have done so with the belief that whatever the outcome no attempt would be made to interfere with their worship. In fact, they know that Britain is a beneficent Power and they would be perfectly willing to see any mandatory given to that nation in the Near East. They are not prepared, however, to see the severed limbs of Turkey distributed among the leading Powers, and the adoption of such a policy will undoubtedly be fraught with grave considerations in the days that are to come.

Mr. Morison points out that Islam is not only a religion but a civilization and a social entity "with forms and usages of its own and a consciousness of its corporate existence." Mohammedans cannot entertain the thought that this civilisation of theirs should pass from the earth. All they seek is toleration to worship at their own shrines, and the maintenance of political power which is indicated by the boundaries within which they live. Many among the Christian nations may differ with their viewpoint, but they cannot deny to the Mohammedans their desire for the survival of the temporal power of Islam. If they do then persecution is again in vogue and the principle of self-determination is destroyed. What Mr. Morison suggests in the discussion of of the problem of the Near East is that Mohammedans should be called into council and that the basis of the settlement should be the formation of a federation of Moslem peoples, or, in other words, the creation of a united states of Islam. He believes that Syria, Mesopotamia, Arabia and Asia Minor should be separate states with large powers of self government, but for military, naval and customs purposes grouped under one central authority to be elected from among the constituent states.

The countries which, above all others, the Mohammedans would object to see under Christian away would be Syria, Mesopotamia and Arabia. Their century-old associations with the faith cannot be broken by the decision of the Paris conference. They are not now one nation, but they possess the elements out of which nationality can be formed, for the inhabitants speak a common language, have, for the most part, the same religion and have a community of historical antecedents. It is not clear yet how far the Peace plenipotentiaries have called the Mohammedan leaders to their counsels in attempting to settle the problems of the Near East. It may be that these problems are being left to the League of Nations, but in the meantime there is uncertainty throughout the Mohammedan world, and possibly what is happening in India is the expression of the unrest about the future. Britain, more than any other Power, has tremendous interests at stake in the Near East. Of all the nations represented at the Peace Conference she understands Islam best, and it is unlikely she will be guilty of the folly and injustice of forgetting the hundreds of millions of that faith who owe her allegiance. The war against Turkey was won by Britain, and her's should be the dominant voice in the settlement of the problems affecting that Power, for what is done is going to have a bearing of deep significance on the future of Islam.

BELA KUN'S REGIME

The results of Bolshevism, with which the world has become so familiar through the official reports of experiences in Russia, are being repeated in Hungary. There, as in Russia, the peasants are refusing to sell food, and starvation is overtaking the cities. Beef is sold at $12 and $13 per pound, and fat and butter at $30 per pound. Bela Kun, the Soviet dictator of Hungary, is duplicating all the Bolshevist errors. He is paying labor with paper money which is valueless, and which the food producers will not accept. Since real money has practically ceased to exist at Budapest the stores are closed and the restaurants only open at meal times. Barricades and machine guns are, of course, common sights on the streets of the Hungarian capital. Transportation is at a full stop on the Danube, but the steamers which formerly engaged in this traffic have the distinction of flying the red flag, which presumably is sufficient solace for those fanatics who are rapidly bringing Hungary into the same condition of chaos as has made Russia a byword throughout the world.

The report emanating from Bela Kun that he has been invited to the Peace Conference is denied in Paris. It would be impossible for the plenipotentiaries to deal with the new barbarism. The Conference does not yet seem to know what is to be done in the case of Hungary, or how far the present conditions will be permitted to go. Bela Kun, like his prototype Lenine, understands the system of prolonging the life of Bolshevism, which, in a word, is to reduce the people to a state of ineptitude by means of starvation. He is proving an able pupil, although, like Lenine, he is sowing the seeds of a terrible reaction which eventually must overwhelm himself and those dupes whom he has attracted to the standard of anarchy.

Former Congressman Dead

WINONA, Minn., June 12.—Former Congressman James A. Tawney died this morning at Excelsior Springs Mo., according to a telegram received here this morning.

LETTERS TO THE EDITOR

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception.

Price Control

Sir,—Mr. Andrews, your correspondent, sums up the attitude of the "laissez faire" people, of whom there are too many in Victoria, who would tolerate great evils rather than walk across the street to remedy them.

Is it not true that the Canada Food Board imposed certain limitations on profiteering, and did any one suffer thereby? Did the British suffer by far more drastic rules?

Mr. Andrews tells us that conditions are regulated by the law of supply and demand. Do the prices of strawberries this season bear any relation to the demand locally? Is it not the circumstance that prices are kept high by an assured export business?

If, as he claims, it is the duty to export food from Canada, surely it is the duty of the producers in this district to export their berries at a good price. Therefore, the poorer people will be unable to purchase strawberries, just as the poorer people of the country are to be kept without an adequate supply of cereals and meat because it may be exported at higher prices elsewhere. In other words, the poor have no right to food supplies if the producer can place his produce elsewhere at higher rates. Strawberries may be regarded as a luxury and are merely used as an illustration, but cereals and meat are not, and if Mr. Andrews' policy is to be adopted, then British Columbia has no right to the produce of the Western Prairies except at such a rate as the starving sections of Europe are compelled to pay.

If the Government cannot control prices why is it that as soon as the price fixed for bran and shorts was lifted the price of bran and shorts went up?

Why was it that when the Government ordered substitutes to be used for flour the price of substitutes rose higher than flour? Was this lack of control or foresight, or was it both?

Is it not true that, in spite of the fact that many skilled trades are receiving high wages because they are organized—and by the way, Mr. Editor, is school teaching a skilled trade?—there is a great majority of Canadian people who by unremitting toil can barely gain sufficient to keep body and soul together?

Is it not true that many a good citizen in the making has been laid under the sod through lack of sufficient nourishment and bodily care?

Is it not true that the advent of another mouth to feed, another body to be clothed, is necessarily regarded as a dire calamity to parents whose resources are already stretched to the breaking point, and is not the birth-rate of a nation of paramount importance?

GRACE JOHNSTON.
1139 Chapman Street, Victoria, B.C., June 10, 1919.

Tourists and Caterpillars

Sir,—Coming over on the boat I met four tourists from Chicago who came to Victoria to stay a week, but left on the first boat they could get out on because of the caterpillars. They said everywhere they went outside of the city they had to walk and sit on caterpillars. This is a bad advertisement for our little Island, and it would be much better if the city would clean up their property instead of spending thousands of dollars advertising on paper. I hope you will do all you can to bring the caterpillar nuisance to an end.

MARIE BARTON BREDELL.
1544 Bank Street, Victoria, B. C., June 10,1919.

Strike Voting

Sir,—May I be allowed to make a suggestion for solving the question as to whether labor men in Victoria are in favor of going out on a sympathetic strike or not.

I would propose that a ballot be taken under Government supervision. The voting be secret, in fact let it be conducted the same as in an election. Let the unions have their appointed scrutineers, and each man before he votes show his union card. Booths could be erected in different parts of the city, and the voting could take place after working hours, or whenever most convenient.

Perhaps Messrs. Woodward and Dakers will back up this little idea of mine.

ALFRED MANSFIELD
1761 Pembroke Street, Victoria, B.C., June 11, 1919.

THE UP-TO-DATE OFFSPRING

(The Corporal Correction League has distributed since last October 1 1,200 leaflets entitled "The Surest Way to Make Naughty Children Good," and containing the latest information on how to administer a scientific and effective spanking.)

"This," said the parent, pausing at the door,
"Pains you, no doubt, but pains me vastly more;
Yours the brief sting of corporal correction—
Mine the deep anguish of outraged affection."

"Not so," replied the victim, calm though sore,
"This well-tanned hide is not what I deplore;
Although your hand was not exactly gentle,
My pain is also mainly sentimental.

"For future guidance I would have you note,
The corporal sting is not what gets my goat,
But simply this—in spite of all your swanking
You don't know how to give a child a spanking.

"Peruse this leaflet," gravely adds the son;
"It tells you how the business should be done,
And spare me (having gleaned its modern tidings)
These uninstructed, amateurish hidings."

Moral.

Pause, parent, ere you let that slipper fall—
Apply it properly or not at all!
You'd best abandon Solomon's specific
Unless you're going to make it scientific.

—Manchester Guardian.

Gen. Pershing's Plans

PARIS, June 12.—General Pershing, the American commander-in-chief, will remain in France until the middle of July.

New Neckwear Novelties for Summer Wear

Gordons

Attractive New Leather Bags and Purses

719 YATES PHONE 5510

An Abundance of Pretty Wash Fabrics for Summer Apparel

Mercerized Silk—This is a new fabric of very fine even weave with a silk finish, suitable for ladies' and children's dresses, blouses, etc. Choice range of colors. Palm Beach, white, cream, silver, grey, navy, Copenhagen blue, cadet blue, lavender and pink; 32 inches wide. A yard, 75c.

Cepea Filane—A delaine de luxe, ideal for dresses and blouses, in Paisley and floral designs; 30 inches wide. Yard, $1.00.

Dress Ginghams—An exceptionally heavy quality dress gingham; very durable wear; self colors, lavender, pink, sky, Copenhagen blue, navy, reseda green and brown; 26 ins. wide. Per yard, 50c.

Mercerized Voiles — Extra fine woven quality; in self colors; all the popular shades; 38 inches wide. Yard, 75c.

Kremlaine Winceys—Cream Wincey, exceptionally good quality; unshrinkable suitable for ladies' suits, dresses and underwear.
40-inch, yard, $1.50.
42-inch, fine quality, yard, $1.75.
42-inch, superfine quality, yard, $1.95.

Novelty Plaids—In a heavy weight material, artistic color combinations and excellent wearing qualities, especially suited for ladies' and children's dresses and skirts; 32 inches wide. Per yard, $1.00.

Joffrette—This is a new fabric which demands attention for the coming season. Exceptionally nice weave, with a serge finish. Comes in colors of green and gold and gold and white plaid designs; 36 inches wide. Yard, $1.75.

Colored Hollands, an excellent fabric for ladies' and children's dresses, rompers, boys' suits, etc. A good quality plain woven material; will launder splendidly and give exceptionally good wear. Colors old rose, helio, brown, pink, dark blue, natural and green; 34 inches wide. Per yard, 45c.

Welworth Blouses

That are most exceptional at the price.

The Blouse here illustrated is one of the new Welworth models that has just been unpacked, and is typical of the very unordinary values this line always offers. It is fashioned of Voile of splendid quality, has novel and distinctive double collar back and front, edged with Venice lace in attractive design. The front is simply and prettily trimmed with wide plaits, narrow tucks and hemstitching. Price **$3.50**

Another new model that this recent shipment contained is a very fine lace cloth with mercerized stripe; a material that will launder well. So attractive is the material that but little is required in the way of trimming; this is afforded by the Venice lace which outlines large flat collar. This Blouse is sold at just..... **$3.50**

These two Welworth Blouses here described are merely typical. Typical not only of the very exceptional values in the Welworth, but typical rather of the unusual values to be found here at all times and at all prices. Because we enjoy the most friendly and intimate relationship with America's foremost Blouse Makers we are in a position to consistently offer Blouses of advanced and assured styles and unapproachable values. A valid reason why our store is the one best place to satisfy your every blouse requirement.

Advance Summer Models in

Wirthmor Waists

That have so much to commend them.

They're timely and tempting, appropriate and appealing for the bright balmy days of late Spring and Summer.

They're fashioned of quality fabrics, carefully seamed and stitched so as to withstand repeated tubbings.

They're so extremely moderate priced that for a very limited expenditure you can have a crisp, cool, clean Blouse for every day in the week.

If you have never worn a Wirthmor, then we urge that you make their acquaintance today.

The Same Styles The Nation Over **$2.00** The Same Price The Nation Over

Wirthmor Waists are the product of the Wirthmor plan. A unique co-operative method of Blouse making and Blouse distributing that makes possible not only superbly good values, but further enables every co-operative Wirthmor store the nation over to offer the same new styles at the selfsame time and always at the low fixed uniform established price.

Girls' White Wash Kilts—Made of drill, with full kilted skirt on bodice; buttoned up back; sizes two to fourteen years. Prices, 85c to $1.75.

CAN MAKE SAVING ON COST OF BEEF

OTTAWA, June 12.—Mr. J. A. Leduc, M.P. for Westmount-St. Henri, told the committee on the cost of living of the Commons this morning that by conducting a "cash-and-carry" system, he was able to sell at from 20 to 25 per cent cheaper.

For the best roasts of beef in small cuts, he said he had not yet charged more than 30 cents a pound. He had only done so this year. Prior to this year the first small cut cost 28 cents. When large cuts were taken he could sell for less. Rib roasts he sold for 25 cents, shoulders 15 cents to 18 cents, brisket 15 cents, shanks 10 cents to 13 cents.

He said he could save on each animal from $5 to $7 on the cash-and-carry system, and without owning his abbatoir he could still save $2,000 on the basis of a $50,000 business, or 4 per cent.

FIFTY YEARS AGO TODAY

(From the British Colonist of June 13, 1869)

Crazy—Capt. J. Snaff, who was found wandering in prehistoric costume some days ago and taken to prison was yesterday found in the public streets in a state of wild insanity and conveyed to prison for safe keeping.

Distinguished Visitor Coming—Hon. Wm. H. Seward, late Secretary of State of The United States is en route to San Francisco with the intention of proceeding to Alaska to inspect his real estate purchase. The distinguished gentleman will doubtless call at Victoria on his way north.

Drill—The Deluge and the Hook and Ladder companies were out last evening. The Deluge elected a stream through a long length of hose far above Wells, Fargo & Co's figgerstaff.

102nd Battalion Due Today

VANCOUVER, June 12.—British Columbia members of the 102nd Battalion will probably reach Vancouver at 9:30 o'clock on Saturday morning, according to advices received by Major Mathews last night. Every arrangement has been made by the committees in charge to give the veterans a splendid welcome to the city.

BECAME TEACHER IN GERMAN PRISON CAMP

Sergt. Thomas Morrison, Who Joined Inland Water Transport in 1917, Captured and Immured at Brandenburg

School teaching in Germany was the last thing Sergt. Thomas Morrison intended when he joined the Inland Water Transport in 1917. However, that is the character of the service he rendered for his countrymen, fortunately, during the greater part of the period he spent overseas, and although the conditions were not all that they might have been, pedagogy he now considers quite the least of his worries. Sergt. Morrison, who has just returned to his home here, was in the Government service for some seven years before he volunteered, for three or four years of that time being second engineer of the Dominion Government steamship Estevan. After leaving here as a sapper with the Inland Water Transport in February, 1917, he went to Montreal, thence to Halifax. Here he had to wait about two months to get across to the Old Land, this being the first of many obstacles that were eventually to get in the way of his giving prolonged service, after the manner that he had planned, for his Empire. Eventually when he did leave, the Eugene Moran, the tug on which they embarked from Halifax, foundered just outside St. John after loading with coal and water. As the mysterious accident happened about 2 o'clock in the afternoon and within a short distance of shore, assistance reached them in time to prevent any loss of life, although the tug and her cargo went to the bottom.

After this setback Sergt. Morrison and the other members of the Inland Water Transport had to give up all intention of going overseas from Halifax, and within a few days they were sent back to Montreal to embark there.

On reaching England he was drafted to London, and there assigned to the H.S.-3, formerly the Sampson, a Dutch ocean-going tug, having in the meantime received his promotion from sapper to sergeant, and being made chief engineer of the vessel, Captain James Walker, another Victoria man and one of the best-known skippers along this coast in pre-war days, being in charge. In this connection it is worth noting that while two Victoria men figured in the company of the H.S.-3 there was but one other man from this side of the Atlantic, viz., Second Lieut. Tennis-wood, an Englishman, who went across after the outbreak of the war.

August, 1917

It was on August 28, 1917, that the H.S.-3 left England for Mesopotamia. On September 12, just off the mouth of the Tagus, Portugal, the vessel was shelled by a German submarine. Unable to fight, as there were no guns aboard, the H.S.-3 tried to escape, but eventually was run down by the Germans, the crew captured and, after some unpleasant experiences in the enemy submarine, where the captives had to live for 22 days while the boche carried on his nefarious work, shelling and sinking and hunting the British and French and Italian vessels, they were finally transferred to a steam pinnace and sent ashore at Castle Neuve, Montenegro. Here they were put under an Austrian guard pending their shipment to Brandenburg, and on their way thither they were detrained at Budapest, Ratibon and Breslau, meeting at these places with experiences pleasant and unpleasant, chiefly the latter.

Their final destination was ultimately reached. Here they had to march some five miles to the prison camp, a huge place where some 1,500 British prisoners were confined, among them Carr, Capt. Fryatt's bell-boy; a lad of about 18 or 19. Some 2,500 French, 9,000 Russians, 200 Belgians, 4,000 Italians and a few Americans were also prisoners in this huge camp, which had a total population, including warders, etc., of something like 20,000. It was well that the prisoners decided to organize for their own domestic control, in so far as this was possible. Capt. Walker, the Victoria skipper taken from the H.S.-3, was made head of the British Red Cross Help Committee; Sergt. Morrison was delegated to take charge of all the British boys under the age of 17, and as a great majority of them were lads who had run away to sea, it can well be imagined that he had some difficult material to tutor. However, the spirit that made them adventurous also made them bright, and when they applied themselves they learned quickly. It was Sergt. Morrison's first experience of pedagogy, and he vows it will be his last, although, as circumstances were, he was glad to do it. The curriculum was not heavy. English and arithmetic were the principal subjects taught, and school "held" from 9 to 11 a. m. and 2 to 4 in the afternoon.

System of Control

Naturally the boys were not always tractable. Probably if they had not been prisoners-of-war and brought under this enforced schooling they would never have had any education other than that rudimentary one which they carried when they ran away to sea. Sergt. Morrison is a man tall above the average, and looks strong, and when persuasion failed to keep order the threat of corporal punishment was usually effective. Only once does he recall having to give a pupil a hiding.

In addition to the simple theories of English and arthmetic there were practical lessons in economy to be taught. The prisoners depended very much on the parcels which they received from the Red Cross and from friends at home. The impulse of youth was to have a "good feed" and an all-round generous time the moment the parcels arrived. Days of fasting were not thought of. Sergt. Morrison had to instil the principle of conservation, telling the lads how to husband their small stores of "extras" so that they would hold out until the next supply came and supplement to the best possible advantage the meagre diet of thin soup and black bread furnished by the Germans. The issue of soap was just about as small as it could possibly be, and every grain had to be utilized to advantage if one's person and one's clothes were to be kept sanitary.

War Warmly Praised

Apparently the control of these boys was of benefit to the German wardens at the camp, as Count von Braden, who was in charge of the Brandenburg military district, sent for Sergt. Morrison before he left and thanked him for the skilful way in which he had kept the youngsters in order.

Although little but censored news, and that often weeks old, reached the prisoners, they were able occasionally to see how near exhaustion the Germans were getting, occasionally seeing some of the starved-looking populace and hearing about their lack of proper footwear or clothing owing to the effect of the embargo imposed by the British Navy.

Like most of the prisoners in Germany, those at Brandenburg were not able to get away on November 11 just because the armistice was declared. It was nearly Christmas before they entrained for Warnemunde, on the Baltic, there to go by Danish steamer to Copenhagen. In Denmark they were given a splendid welcome, being among friendly people once more. On December 30 they landed in Hull, eventually setting sail for Canada and home.

Pte. H. J. Botten who left Victoria with the 67th Battalion, Western Scots, as a member of the band. This was on March 24, 1916, and he is now, after more than three years overseas, on his way home. On reaching France, Pte. Botten was transferred to the 54th Battalion, subsequently being annexed by the Maple Leaf Concert Party, with which he remained until he left France in April this year.

SOLDIERS ON WAY

The British Columbia Returned Soldier Commission Parliament Buildings, has been advised by telegram from the O. C. Clearing Service Command, Quebec, that the following party ex ss Melita left ther eon June 11th:

Victoria

Sgt. J. Green, c-o Carlin Bros., Douglas Street.

FIRST AMERICAN AERIAL VISITOR

Seattle Seaplane Manufacturer Flew Here Yesterday in One of His Machines to Attend League's Luncheon.

Victoria yesterday morning received its first aerial caller from across the border when Mr. W. E. Boeing, an aircraft manufacturer of Seattle, arrived here in one of his seaplanes, landing at Cadboro Bay. The visitor was welcomed by President Thompsett and Lieuts. Rideout and Whitney of the Aerial League and members of the Royal Victoria Yacht Club. Mr. W. Burnes, of the customs service, was on hand to grant clearance to the plane, which afterwards was entered at the customs house. Mr. Boeing carried a special letter from the Seattle Colector of Customs to Mr. J. C. Newbury, local Collector, this keeping the affair clear of official complications. Military permission had to be obtained before the machine was allowed to come here.

Mr. Eddie Hubbard piloted the seaplane across, making the trip in 69 minutes, as against the 77 minutes taken by the Pathfinder on its return trip from Seattle some time ago.

The Seattle plane has a wing span of 42 feet and is equipped with a Hall Scott-Liberty motor developing 125 horsepower and making a speed of 75 miles an hour.

The Seattle seaplane was the first machine ever cleared at this port.

The Pathfinder, which was smashed up in Vancouver on Wednesday, will be repaired by Heffar Bros. of the Terminal City. It is understood that both wings, the propeller, and the undercarriage are smashed. The Vancouver plane borrowed by Victoria will be known as Pathfinder No. 2.

Capt. George Dixon flew his machine back to Vancouver early yesterday morning after taking part in the meet here, and Capt. Hoy followed him some hours later.

The local plane will go to Sidney on the morning of July 1st, and it may fly up the Island in the afternoon.

The seaplane reached here shortly after 11 o'clock in the morning and Mr. Boeing spoke at the Aerial League luncheon, leaving again about 2:30 in the afternoon.

To Repeal Daylight Saving Law

WASHINGTON, June 12.—A rider repealing the daylight saving law, effective when the clocks are turned back in October, was added to the agricultural appropriation bill today by the senate agricultural committee. The vote was unanimous.

Sentenced to Hang

MONTREAL, June 12.—Giuseppe Speccaci, who murdered James Robert, a G. T. R. foreman, last March, was found guilty in the Court of King's Bench yesterday and sentenced by Mr. Justice Desy to hang on September 12 next.

1228 Government St. Phone 3020

City and District in Brief

Motor Tourists—The Princess Mary brought eight motor cars belonging to tourists from Vancouver to Nanaimo on Tuesday. The owners will make trips over the Island.

Case Adjourned—In the Supreme Court yesterday the case of Stewart v. the Molybdenum Mining and Reduction Co. was adjourned. The case has been on for considerable time.

Returned Soldiers Learn Farming—Three additional returned soldiers from the mainland are at the Sidney Experimental Farm for the purpose of taking the training in connection with their agricultural course for the University of British Columbia. There are at present five returned soldiers training at the farm.

Recital This Evening—The students of Madame Kate Webb will give a recital at the Academy of Music, corner Cook and Fort Street, this evening at 8 o'clock. An attractive musical programme has been arranged. The vocalists include Mrs. M. Morton, the Misses Kate Ede, Margaret Butler, Kitty Puntin, Alden Hale and Master Jack Puntin, Mr. George J. Dyke will give violin solos. Mdlle. Barbara Fay and her pupils will perform Greek, Russian, Spanish and operatic toe dances.

Appeal Court Sitting—In the Appeal Court yesterday, judgment was reserved in the case of O'Brien v. Knudson. The case hinges upon a foreclosure of a mortgage, in which case judgment was given against Knudson. Knudson claims that he was only trustee of the property. The case originates in the Yukon. E. P. Luxton appeared for Knudson. The case of Mulholland v. Fairbairn Co., Fairbairn Co. being the appellant, was begun in the Appeal Court yesterday. E. A. Lucas appeared for the appellant, while T. G. Lata was counsel for Mulholland.

Application for New Trial—According to a dispatch from Vancouver, Mr. Alex. Henderson, K.C., counsel for W. C. Findlay, expects to place a application for a new trial before the Court of Appeal on Monday. Mr. Henderson is confident that his plea for a second trial has a good chance of success. Should he succeed, of course, Findley will be liberated from the Penitentiary, and will be allowed out on bail until the new trial takes place. Meanwhile he is serving his time in the penitentiary at New Westminster, where he was taken on Tuesday afternoon by Provincial Constable Cruikshanks.

Parent-Teachers' Meeting — The Craigflower Parent-Teachers' Association held its monthly meeting on June 10, at the Craigflower School, Mrs. Willison in the chair. The annual election of officers was held the results being as follows: President, Mrs. Witty; vice-president, Mrs. Lorimer; secretary-treasurer, Miss Perry; executive, Mrs. Holmes, Miss Ozard, and Mrs. Kenneday. It was decided to hold a picnic on the 27th June at the school at 2 o'clock. All members will get information from the sports or refreshment committee, namely, Mrs. Lorimer, Mrs. Morris, Miss Sangster, Mrs. Shaw, Mrs. Craston, Mrs. Pope and Mrs. Rasmussen. Music and refreshments closed a most enjoyable afternoon.

Garden Party at Metchosin—On Wednesday next, June 18th, a garden party will be held at the home of Mrs. H. R. Hammond, Metchosin, under the auspices of the Ladies' Church Guild. A most delightful afternoon is in prospect for those who attend, and it is hoped that a number of Victorians will be there. Apart from the worthy object of this social gathering, the people who motor out will be well repaid with the beautiful drive, and the charming view from the ideally located country home of Capt. Hammond. Candy and ice cream will be on sale, and music will be one of the attractions. The proceeds will be devoted towards St. Mary's Church, Metchosin.

Missionary Addresses Chapter—The general meeting of the Municipal Chapter, I. O. D. E., held yesterday in the new headquarters, Jones Building, was addressed by Miss Campbell, a missionary of Nasik, India, who spoke of the work of the Canadian I. O. D. E. in behalf of the women and children. Members were informed of what various amounts would provide for the care and education of children in that country and gleaned much valuable and interesting data from Miss Campbell's instructive talk. The chapter gave its support to the appeal made by the Provincial Chapter in behalf of war savings stamps, which the members were urged to purchase as often as possible. It was stated that owing to the non-arrival of the roses the date for the Alexandra Rose Day collection is still in abeyance. On June 26 another meeting of the Municipal Chapter will be held before adjournment until September is made.

Provincial Appointments — Captain Leslie Frank Burrows, M.C., of Vancouver; Frederick Newman, of Corbin; and Thomas J. Drain, of Port Haney, are gazetted as Justices of the Peace. The appointment of W. Fleet Robertson, Provincial Mineralogist, to the post of Acting Deputy Minister of Mines, during the absence of Roderick F. Tolmie on sick leave has been approved by the Lieutenant-Governor. Alexander Philip, Police Magistrate for the District of North Vancouver, is authorized to exercise within the district of North Vancouver the jurisdiction conferred by the Small Debts Court Act. Sidney Alexander Smith, of the City of Vancouver, barrister and solicitor, is appointed a Commissioner for taking affidavits within the Province. Douglas Campbell Tuck, of the City of Vernon, barrister-at-law; McGregor Charles Ironside, of the City of Nanaimo, and Jean Joseph Theophile Collart, of the City of Prince Rupert, to be Notaries Public.

Weather Man at Home—Monday evening the janitors and engineers of the public schools were entertained by Mr. Napier Denison at the local observatory. About twelve members and friends were present by appointment. The evening being beautifully fine, the visitors were first taken to the flat roof to view the land and seascapes, and the sight was a magnificent one. Mr. Denison having explained the sunshine recorder, remarking that duplicates were being prepared by him for soldier settlements. Next to the instrument for having a peep at the moon, possibly the most interesting mechanism is that for recording earthquakes. Although this was "made in Germany" it is a splendid contrivance, but there was room for improvement, and Mr. Denison designed and fitted the most vital feature. Having explained the instrument which supplies the correct time by the stars, the party was taken to have a look through the two telescopes. The moon being pretty near the full, the sight was pleasing and instructive. Needless to say everyone enjoyed the novelty of seeing and hearing an explanation of such uncommon apparatus. The evening wound up by signing the visitor's book and personally thanking Mr. Napier Denison for his kindness, the general opinion being that, for patience, Job would not be able to hold a janitor's position there.

ANNOUNCEMENTS

St. Barnabas' Sale of Work and Summer Fete, June 18, 19, 20.

SALVATION ARMY CAMPAIGN BEGUN

Record of Organization Before and During War Entitles It to Generous Support From Public.

The storm clouds have broken, the sun is shining through, and with the sun comes knowledge of the splendid work accomplished by the Salvation Army during the strenuous periods of the war.

With no dissenting voice the returned boys speak in glowing terms of gratitude for the motherly help accorded to them by the Army. Parents are eloquent when referring to the treatment which their sons received from the kindly officers of the Salvationists, and many are the letters of thanks which have been received from mothers of soldiers.

It seems a strange coincidence that the Salvation Army has been about fifty years in the making while at the same time the boche had been preparing his hideous campaign for approximately the same period of time. But while the boche was preparing a campaign of frightfulness and brutality the Salvation Army was steadily preparing for a campaign for the alleviation of suffering.

Stuck to Their Job

All the world remembers the gibes and jeers which greeted the appearance of the devoted members of the Army when fifty years ago, they commenced their career of rescue work, but to their everlasting credit they were undaunted in the execution of what they considered their duty to humanity, and courageously carried on their self-appointed task of extending a helping hand to the unfortunate and degraded members of society, until now it would be as much as a man's life is worth to attempt to interfere with a public gathering of the members of the Army.

Quietly and with no flourish of trumpets, the Salvation Army fell into line at the first call to arms, and not only have they rendered the utmost service to all brave men during the extreme trials of the war, but they are now standing ready and willing to take care of the helpless dependents of those men who have failed to return to their dear ones, and furthermore they are determined to carry on this labor of love regardless of whether or not they receive support and assistance from the public.

Not Beggars

The Salvation Army is not begging, the Army is simply laying before the general public the fact that there is work to be done; the Army is willing to do it, and will do it, but will be glad to receive such support from the people of Canada in general and from the citizens of Victoria in particular as the people shall see fit to grant.

Magnificent work has been accomplished and still more important and essential work remains to be performed, and it should be not only a duty but a privilege for the people to respond generously in order that this work may be carried out in a thorough and efficient manner.

When the Salvation Army Campaign commences, my dear Mr. and Mrs. Everyday Citizen, please try to make the effort of the Army as easy as possible; just consider that you are solely responsible for the raising of the entire moderate sum asked for, and volunteer your services willingly. There is to be no expensive campaign carried on, for every dollar spent in collecting is just so much to be denied to those who are dependent upon the amount collected for their comfort and subsistence.

Just ask yourself if the work of the Army is worthy of consideration, if it is worth anything to you, and therefore if it is worth paying for. And then when you have made up your mind, do not wait for a collector to call on you, but call and see the collector. That saves time and money, and both are valuable.

PRESENT PIANO TO TUBERCULOSIS WARD

Red Cross Military Hospital Committee Makes Presentation to Jubilee Hospital for Benefit of Patients.

Of the many generous gifts presented by the Red Cross Military Hospital Committee for the benefit of soldiers, none has brought greater happiness than the piano which they sent this week to the Provincial Royal Jubilee Hospital tuberculosis ward, where some ten military patients are being cared for at the present time. For some time a small group of ladies have done what they could to provide entertainment and special little luxuries for the invalids in this war, but whereas the patients under the S.C.R. in the other parts of the hospital have been well provided for in the way of concerts it has been impossible to arrange anything more than the simplest kind of programme for the sufferers in the tuberculosis section owing to the lack of a piano. Now that the need has been filled, it may be expected that there will be frequent entertainments by volunteer talent, which has always been readily found for the programmes in the veterans' wards elsewhere in the hospital. As during the Summer months these latter convalescents are being taken for motor drives, the Saturday afternoon concerts have practically come to an end for the time being, and it is anticipated that those who have so generously given their help on these occasions will be ready to assist on any programmes arranged for the coming months in the tuberculosis ward.

The gift by the Red Cross Military Hospital Committee is as much appreciated by the hospital staff and nurses as by the patients, who are keenly looking forward to the first concert to be given.

The Late J. M. Murdoch

The funeral of the late John Murker Murdoch will take place on Monday next at 2:30 from the B. C. Funeral Furnishing Co.'s chapel.

Mr. Murdoch died at St. Joseph's Hospital last Sunday afternoon, and is survived by his widow, who resides at No. 1138 Johnson Street, and an only son, George, manager of The Variety Theatre.

Mr. Murdoch was a well known and highly respected member of the pioneer community of this city, and came here in 1887, having sailed around the Horn. He was born in Banff, Scotland, in 1852. In his youth he sailed out of Liverpool, shipping, first of all, before the mast, and gradually working his way up until he held second mate's papers. The rough experiences in the life of a sailor, developed bronchitis, from which deceased suffered for years, and from which he had never been able to find relief. This was the reason for Mr. Murdoch leaving the sea. He became an accountant, and as such came to this city, where he was with the old pioneer firm of Muirhead and Mann in the sash and door manufacturing business, subsequently joining the local staff of the Hudson Bay Company. Deceased was in the city engineer's office when he suffered an attack of chronic heart failure about ten years ago. At that time his medical adviser did not think deceased would last a year, but by careful living this has been disproved.

NEXT-OF-KIN OF G. W. V. A. MEETS

Preparations Carried Forward for Picnic on July 12—United Service Home Makes Profit.

At the meeting of the Next of Kin of the G. W. V. A. yesterday, a report upon the finances of the organization showed that the United Service Home of the Next of Kin, on Government Street, was more than self-supporting, and had in the last three months netted the sum of some $280.

It was decided that the next meeting in two weeks should be held in the Club Rooms, and that the association would provide the men with entertainment in the way of concert numbers, cards, and dancing, etc.

The president was authorized to close with the Tally Ho Company for three Tally Hos in connection with the picnic on July 12th. It was decided that the transportation be paid out of the funds.

Mrs. Wicks was elected to the office of treasurer in the place of Mrs. Bruce-Powley, who had resigned.

Mrs. Grevette gave a very interesting address to the members of the organization. She wished to congratulate the women upon the work of the club, and assured them that their work did not end with the armistice. Their duty, she said, was to secure an "economic justice" and full compensation for the veterans of the war and their dependents. She said there existed a need for the women to band together for their mutual help and benefit.

SOLDIERS' MOVEMENTS

The following is the official list, issued at midday yesterday from the office of the A. D. of S. & T., showing the movements of trains and ships carrying returning soldiers:

Steamship Scotian sailed from England on June 11th with Section 3, Fifth Divisional Ammunition Column, including one officer and 110 other ranks for Vancouver, also Fifty-Eighth Battery, including three officers and 78 other ranks for Victoria.

C. P. R. troop train second section No. 2, with 24 officers and 150 other ranks comprising 54th Battalion for Revelstoke and 24 officers and 123 other ranks of 102nd Battalion for Vancouver, left Broadview, Saskatchewan at 2:50 this morning. The 54th Battalion will arrive in Revelstoke at 6 a. m. tomorrow morning, 12th instant, and will be immediately dispersed. The 102nd Battalion will arrive in Vancouver tomorrow night and will be dispersed early on Saturday morning.

Troop train No. 774 ex ss Lapland left North Bay, Ontario, 6:15 p. m., June 11th with three officers and 35 other ranks for Victoria.

Rev. Hon. G. H. Heneage assistant Provincial Commissioner of Boy Scouts will be in town for a few days.

A Single Application Will Banish Objectionable Hairs

(Aids to Beauty)

Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone.

NO STRIKE BEFORE MONDAY AT EARLIEST

Strike Committee Meets First of Week—Street Railway Men and Postal Workers Strong Against Walkout.

There will be no strike before Monday at the very earliest. The Strike Committee will meet on that day to decide what steps will be taken. The Trades and Labor Council has already requested those unions that have voted against the strike or have not voted at all to reconsider the matter. No time limit was set, but labor leaders seem to think that all the unions will have handed in some decision by Sunday.

The regular meeting of the street railway men will be held Tuesday night, and it is not expected that a special meeting will be called before that time. The men are of the opinion that the matter of a strike will not be brought up again.

The postal workers express themselves absolutely against a walkout, and they have not been notified of any meeting to be held.

The civic employees meet tonight to discuss the strike question.

It is the opinion in labor circles that the Strike Committee will not call for a general walkout unless the unions are unanimous.

Many workers do not attend the meetings of their own unions, but the night of the meeting they phone the Labor Hall about midnight to inquire if they shall go to work tomorrow or will the pin be pulled in the morning.

COMPANIES INCORPORATED

Certificates to Transact Business in B.C. Issued to Eleven Corporations During the Past Week.

Certificates of incorporation have been issued to the following during the past week:

Central Club, Ltd., private, authorized capital $10,000; registered office of the company, Prince Rupert.

Stewart Miners' Social Club, Ltd., private, authorized capital $10,000; registered office of the company, Stewart.

Will be Liable to Fines

TORONTO, June 12.—If the street railwaymen here go out on strike on Monday, as is threatened, every man participating in the strike will lay himself open to a fine of not less than $10 and not more than $50 for each day or part of day he is absent from duty. This penalty is provided in the Industrial disputes investigation act, and can be imposed if a strike is called after application has been made for a board of conciliation. This the company has made.

MR. BOWSER RETURNS FROM INTERIOR TOUR

Fulfilled Extensive Speaking Itinerary and Was Given Warm Reception Everywhere.

After a month's tour through the interior of the Provnice, Mr. W. J. Bowser, K. C., leader of the Opposition in the local House, returned to Victoria yesterday. While his itinerary was one of the most strenuous he has tackled for some time—he spoke at sixteen political meetings with half a dozen other public gatherings thrown in—he claims that he never felt better, and he looks as though the trip with all its hard work entirely agreed with him. Towards the close of his journey he suffered the misfortune of injuring his foot and he will probably be confined to his home for a few days prior to resuming his active duties.

A month ago last Sunday Mr. Bowser left here to commence his second extensive tour of the province since he assumed leadership of the Opposition. The trip was in line with his policy of keeping fully in touch with events and conditions in all sections of British Columbia and to acquaint himself with the needs and feelings of the people of the various communities. He regards his journey as successful in every detail, and states that unusual interest was shown in the meetings at which he spoke. Everywhere he went he was given a hearty welcome, and the meeting halls were crowded.

The following list of towns visited, will give an idea of Mr. Bowser's tour: Kamloops, Salmon Arm, Enderby, Armstrong, Vernon, Kelowna, Peachland, Summerland, Penticton, Rock Creek, Midway, Greenwood, Grand Forks, Rossland, Trail, Nelson, Cranbrook, Fernie, Kaslo, Slocan City, New Denver, Silverton, Nakusp and Revelstoke.

To Make Island Tour

In a few weeks Mr. Bowser intends to make a speaking tour through Vancouver Island and later he will visit several districts of the Lower Mainland.

In addition to the sixteen political meetings which he addressed, Mr. Bowser addressed the Navy League at Vernon, presented gold watches as gifts from the city of Greenwood to six of the little town's returned soldiers; spoke at a reception to returned soldiers at Rossland, gave an address on the constitution of Canada before the Women's Independent Equality League at Nelson, and was the guest at a large number of informal functions.

"During my last tour through the interior it was war-time and I refrained from addressing political meetings," said Mr. Bowser last night. "Now that the war is over and normal conditions of peace are returning however, I considered it my duty to speak on matters bearing directly on the state of affairs in this Province politically, and I found everywhere I visted that the people were eager for information on this point. With the war more or less off their mind, the people of the Interior have shifted their attention to domestic politics, and it is almost surprising how closely they are following the trend of conditions in the Province. They have already secured an intelligent grasp of the situation, and they intend to watch with both eyes open the course followed by the Provincial Govenrment in the future."

Road Work Neglected

In his public addresses Mr. Bowser referred principally to the expenditure on the province's civil service, contending that the overhead expenses of the Government in running the various departments was grossly extravagant under the Oliver regime and that this condition was at present striking at the people in the form of excessive taxes. He attacked the present administration's road policy, declaring that while appropriations for road work were large the bulk of the money seemed to have been devoted to officials' traveling expenses, leaving the roads unimproved and in many cases worse than before the appropriation was made.

Mr. Bowser was much impressed by the indications of a bounteous crop this year in every district he visited. Weather conditions have been particularly favorable this Spring in the Okanagan and the farmers are expecting to make record shipments. This year provision has been made for holding fruit in cold storage over extensive periods and this will make it possible for British Columiba fruitgrowers to reach the market with their produce at the most opportune times and command the highest prices. There is a miniature boom all through the Okanagan country, according to Mr. Bowser. Considerable farm land is being bought up for cultivation as orchard areas, and there is a notable movement of men of means from the more settled communities towards the fruit districts. The railroad project from Kamloops to Kelowna has opened up that territory and new settlers are moving in.

Labor unrest, which has resulted in strikes at a few of the mines, has adversely affected several districts, but, on the whole, Mr. Bowser is optimistic as to the mining situation, and declares that the mines are combing the labor markets for workers. In East Kootenay alone he was informed that 500 men could be given employment at a single mine. Farm labor is scarce all through the interior, he says.

Speaking on the political situation, Mr. Bowser asserted that the signs all point to a growing strength of Conservative sentiment at the points visited, and at the next provincial election he predicts a landslide for the Conservative standard-bearers, particularly in the northern constituencies.

CAMPAIGNING FOR RED SHIELD

Enthusiasm Increases as the Opening Date of Drive Approaches—Brig.-Gen R. P. Clarke to Address Meeting.

Enthusiasm gathers force as the dates of the Red Shield Drive for $20,000 approaches and on Monday the work of mobilising the money from the pockets of the generous and appreciative of Victoria will begin. The Army has never asked for this amount in Victoria before but the great work done overseas and in demobilization and reconstruction will surely not fail to bring a response from the people of Victoria who have so splendidly assisted the work of other organizations with not nearly the unqualified recommendation of those in a position to judge.

At the Rotary luncheon at the Empress Hotel yesterday a splendid team was organized to canvass and in addition to a force of 32 business men placed their automobiles at the disposal of the Red Shield Committee to make a thorough canvass of the city.

Splendid commendations have been received from all the ex-service organizations on the Island. The Great War Veterans' Association of Nanaimo, Ladysmith and Duncan, the Army and Navy Veterans of Victoria, and the Comrades of the Great War have all passed resolutions thoroughly endorsing the campaign, and promising teams; the G. W. V. A. of Victoria has passed the following resolution in addition to volunteering the services of 30 men to assist with the canvass:

"That this association of Great War Veterans heartily endorses the Red Shield campaign to be put on in Victoria, and will heartily co-operate in every way to make it the success that the grand work of self-sacrifice and devotion the Salvation Army has done overseas deserves."

The Ladysmith G. W. V. A. have organized the campaign in their town for the Army.

The first cheque is already to hand and it reaches the $100 mark. The Great War Next of Kin Society have contributed $100 from their funds to the work of the Salvation Army, which they have through their president, Mrs. Harvey, very heartily endorsed. This is highly appreciated by the Campaign Committee as being a proof of the very hearty goodwill of the Next of Kin ladies, who are themselves working hard for the good of returned men.

News is just to hand that the great campaign for $13,000,000 in the United States which the Army is just concluding has reached the objective. It is not only in Canada that the returned men are speaking well of the work of the Army, the doughboys who have returned are sounding the praises of doughnuts and coffee served by the Army lassies even more than our own men.

The Knights of Columbus have written to Adjutant Tutte, supervisor for the Salvation Army, the following letter of endorsement:

Knights of Columbus State Council.
May 13th, 1919.

Dear Adjutant Tutte—In connection with the forthcoming drive for funds for the Salvation Army, I beg to assure you of the hearty support and best wishes of the Knights of Columbus of the Province of British Columbia, and sincerely hope you reach your objective.

We fully realize the great work that has been and is being carried on by your organization, and we have nothing but the best of wishes for your continued success.

Yours sincerely,
(Signed) J. D. O'CONNELL,
State Deputy.

On Sunday night an inauguration meeting for the campaign will be held at the Royal Victoria Theatre. Brigadier-General R. P. Clark will speak and there will be a number of musical items arranged by Mrs. MacDonald Fahey.

The following organizations, which have promised teams to the Red Shield Campaign, are desired to send in to headquarters immediately the names of all canvassers, and each canvasser is requested to register on the Canvassers' Roll as soon as possible, stating what time they can spare: Great War Veterans, Army and Navy Veterans, Comrades of the Great War, Great War Next of Kin Association, and Salvation Army.

All persons who would like to help in the Salvation Army campaign in any capacity or for any length of time during the day or evening, should phone 30,000, or call and register at the Campaign Headquarters, Northern Crown Bank Building, near corner Yates and Government Streets.

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, and easy to manage.

You can get mulsified cocoanut oil at any pharmacy; it's very cheap, and a few ounces will supply every member of the family for months.

Preparing for Prorogation

OTTAWA, June 12.—Sir Robert Borden yesterday gave notice that the Commons will sit this week on Saturday afternoon, and that morning sessions will commence Monday next. The Government hopes to bring about prorogation about the end of the month.

Work Proceeds at Prince Rupert

PRINCE RUPERT, June 12.—The general strike order which was placed in effect here yesterday thus far has not extended to the carpenters', typographical, electricians' and engineers' unions, members of which are working as usual.

IMPERIAL VETERANS HOLD MEETING

Matters of Importance to Ex-Service Men Dealt With Last Night—Garden Party Arranged for 19th June.

A meeting was held last night in the Central Building of the Imperial Forces Service Club; Major Macdonald, president of the club, being in were present.

For the benefit of the new members the chairman read the resolution which had been sent to the various service organizations; this is a resolution requesting that all pensions and gratuities being paid to ex-members of the Imperial Forces should be brought up to the scale of pensions and gratuities being paid by the Canadian Government to former members of the C.E.F. He stated that the resolution was now at Ottawa. In regard to getting the C.E.F. Class "A" Badge it was asked that each man write individual letters giving his address to the officer paying Imperial pensions at Ottawa.

There was a long discussion as to whether the club should operate as an organization; it was finally decided that it remain for the present simply as a Social Club, where old Imperial men could meet and talk things over; as there were already a large number of veteran organizations.

A petittion is being signed by all ex-Imperial men asking that an Imperial Officer be sent to British Columbia to deal with all business connected with pensions and gratuities paid to former members of the Imperial forces. The question was brought up of having some form of entertainment: Major Macdonald kindly offered the use of his grounds for a garden party and said he would attend to the whole matter. The garden party is to take place on Thursday evening, June 19, at 7:30. Members and their wives are invited.

ELOPEMENT THAT WAS FRUSTRATED

An exciting episode in the downtown section transpired yesterday. Shortly after lunch, an automobile in a great hurry came south along Government Street, and arriving at Fort Street was overtaken by another car. The man and woman, it was stated, had eloped from Nanaimo, and they were closely followed by the girl's parents, and another lady apparently the man's wife. The interloper was forcibly ejected from the auto and lifted into the other car with her own people, who thereupon sped back to Nanaimo. By this time a large crowd had gathered. Some bystander phoned to the police station stating that an automobile thief was at large, and had actually captured a car and was running off with it. The police wagon hastily proceeded to the scene, only to find that there was no thief at all.

Train Leaves Track

PORT ARTHUR, June 12.—Spreading rails as the result of heavy rain caused the Canadian National Express to leave the tracks 10 miles east of Port Arthur this morning. Fireman Fitzgerald suffered a severely sprained back in jumping from the engine. Three employees of the dining car service received minor bruises. The baggage car and two dining cars were ditched. Traffic will be blocked all day.

NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost inveriably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

'SYMPATHETIC' STRIKE

By A. A. Freeman

If I understand the present attitude of the unions here it is this; They are awaiting the result of the strike at Winnipeg. If the mob there succeeds in overcoming the civic and military authorities, and no longer stands in need of a sympathetic strike, our friends here propose to go out on what they call a "sympathetic" strike.

As Mr. Lincoln would say, "this reminds me of an anecdote." My father lived near the river bottom of Forked Deer river. He and David Crockett, of whom the reader has no doubt heard, were great friends, and were extremely fond of bear hunting. Crockett, after serving two terms in the American Congress, moved to Texas and took a prominent part in the Texan war for independence. He and Travis and Bowie were murdered by the Mexicans at the Alamo, a church near San Antonio, Texas.

In his canvasses, Crockett was wont to tell the following story as illustrative of that class of persons who, wanting something done, did not have the courage to do it themselves.

There lived, as his neighbors, about ten miles distant, a man and his wife—John Williams and his wife Mary. Their home was a desolate one. The country was infested by wild beasts, bear, wolves and panther. But they were a courageous couple; at least Mary was, as we shall see.

One evening about dusk (Mr. Gompers not having been born, there was no eight-hour day), John returned home from his labor and Mary was broiling a pair of mutton chops for supper. A hungry bear in the neighborhood, inhaling the rich aroma of the broiling chops, concluded that he would invade John and Mary's log cabin and help himself. He accordingly marched in through the open door. John no sooner observed the entrance of Bruin than he sprang to the ladder that led to the loft, and up he went. Now Mary, whether she objected to having to broil another pair of chops, or whether there were no more chops in the house, is an open question; she did not propose, however, that the bear should eat their upper, so, snatching up a heavy iron poker, she faced Mr. Bear in the attitude of a prize-fighter. The bear stood up on his haunches and presented his fore-paws as a prize fighter, and the fun began. John was not an indifferent spectator, for looking down through a knot-hole in the plank, he observed all that was transpiring, encouraging Mary by yelling out to her": that's right, Molly darling, give the old sun of a gun hell!

Well that is what Mary was doing, and so skillfully that with her heavy poker she managed to deal Bruin such a terrific solar plexus that he determined to retire; which he did a wiser if not a better bear!

John, having observed the result, came rolling down the ladder, and seizing Mary in his arms he proceeded to cover her face with kisses, exclaiming at the same time, "aint we brave, Molly darling!"

John was a sympathetic striker.

Sir Charles Hanson Injured

LONDON, June 13.—Sir Charles Hanson, former Lord Mayor of London, and well-known Canadian financier, was knocked down on Piccadilly Street today by a motor lorry and severely shaken. Sir Charles is 73 years old.

POPULAR COUPLE WED AT ST. MARY'S CHURCH

Capt. W. W. Wood, C.A.S.C., Well-Known Kamloops Man Married Last Night to Kathleen Julia Wheatley, Victoria

The interior of St. Mary's, Oak Bay, was half hidden with roses on the occasion of the wedding there at eight o'clock last evening of Kathleen Julia, only daughter of Mr. and Mrs. Martin Stanley Wheatley, of "Burleigh," Jubilee Avenue, Victoria, and granddaughter of the late Martin Wheatley, Esq., J.P., of Burleigh Manor, Epping, Essex, England, and Captain William Wentworth Wood, C.A.S.C., Hastings Park, Vancouver, only son of Sheriff and Mrs. Wentworth Wood, of Kamloops. Both bride and bridegroom are very well known and popular, and a big congregation was present to witness the ceremony, which was choral, the full choir being in attendance and opening the service, later singing "Oh! Perfect Love."

Colonel the Rev. G. H. Andrews was the officiating clergyman.

The bride, owing to the illness of her father, was given away by Lieut.-Colonel G. Chalmers Johnston, D.S.O., M.C., Croix de Guerre, late commanding officer of the 2nd C.M.R., the battalion with which the bridegroom as well as the bride's brother served in France. She wore a beautiful and becoming travelling costume of French grey broadcloth, and a smart French chapeau en suite, trimmed with silver flowers, and the bouquet which she carried was of lilies-of-the-valley, pink roses, and violets, tied with streamers of purple, brown and yellow, the colors of the 2nd C. M. R.

Attending her as bridesmaid was Miss Isabel Monteith, in a girlish frock of delicate pink crepe de chine, her flowers being a sheaf of purple irises and maiden-hair fern, tied, like the bride's, with the colors of the 2nd C. M. R.

The bride's mother was handsome in a costume of jade silk trimmed with Royal blue, her black picture hat being trimmed with ostrich plumes.

The best man was Captain Wickson, and the ushers Capt. P. Conley, Lts. C. Milligan and Fowle.

Reception Held

After the ceremony at the church the bridal party repaired to the home of the bride's parents, where a reception was held, the newly-married pair standing within the Union Jack draped alcove while receiving the congratulations and good wishes of their friends. The reception rooms were all lavishly decorated with flowers, pink May and purple irises being effectively arranged in the drawing-room, and Marguerites and roses in the dining-room. The table, with its pink-shaded lights and feathery flowers arranged in small silver vases was particularly pretty, the three-tier wedding-cake occupying a place of honor, and ultimately submitting, in time-honoured fashion, to being cut by the bride.

In the breakfast-room the wedding gifts, which were numerous, were displayed, conspicuous among them being a silver coffee service and silver-mounted oak tray presented to the bride by the pay office staff, of which the bride has been a member for the past three years.

After the formal part of the reception and the serving of refreshments there was dancing, and later in the evening the bride and bridegroom departed by motor on the first stage of their honeymoon, which will be spent at Banff and other mountain resorts. On their return to the Coast Captain and Mrs. Wood will make their home at Caroline Court, Vancouver, where the bridegroom is attached to the military staff.

Took Draft Over

Before the war the bridegroom belonged to the Independent Squadron of Horse, and took a draft overseas from Kamloops in 1914, becoming attached to the 2nd C. M. R.'s at Shorncliffe and going across with the unit to France. After several months in the trenches he became ill and was invalided over to England where he spent six months in hospital. After he recovered he was placed in charge of bonded warehouses in London where Red Cross supplies were dispatched to the front. In 1917 he transferred to the C.A.S.C. and again returned to France, where he remained until the signing of the armistice. In Kamloops, where his parents have lived for over thirty years, the bridegroom is very well known and has a host of friends.

DIDN'T HAVE GOOD HEALTH IN 4 YEARS

Mrs. Emily Stubbs Says She Was Not Sick Exactly But Just Run-Down — Tanlac Builds Her Up.

"Really, it has become a habit for me to recommend Tanlac, because it has built me up and helped me so much," said Mrs. Emily Stubbs, residing at 3666 14th Avenue, West, Vancouver, while discussing the medicine at the Owl Drug Store, recently.

"I had not enjoyed very good health for four years," she continued, "and at the time I began taking Tanlac I was in such a badly run-down condition it was a burden for me to move around or prepare the meals for my family. My appetite was so poor that I could hardly stand the sight of food and I scarcely ate enough to keep soul and body together. I couldn't even relish my tea, and I felt so worn-out and lifeless that I seldom went anywhere. Just bending over to lace my shoes was hard work for me and my nerves were getting all upset, too, for the least noise or excitement would grate on me terribly. I was not sick exactly, but was in just that condition that keeps one feeling tired and worn-out all the time and unfits them for anything.

"But Tanlac soon changed things about for me. I had not taken more than two bottles until I noticed a very decided improvement. So I kept right on with the treatment until now I have taken seven bottles and have not only gained several pounds in weight, but I don't think I have ever in all my life felt more energetic. My appetite is so good that I never seem to be able to eat enough to satisfy me and I am getting the full benefit of all my food. My nervousness is all gone and now I sleep splendidly every night and feel fine all the time. I never let a chance to recommend Tanlac go by because I know from the way it has helped me it will help others."

Tanlac is sold in Victoria by D. E. Campbell. (Advt.)

THE PAST IS DEAD TRY THE FUTURE

Officer in Charge of Salvation Army Campaign Answers Questions Regarding Purpose of Present Drive.

Adjutant Tuttle, who is the official in charge of the Red Shield Campaign, on behalf of the Salvation Army, settled a question which has been bothering a good many people of late.

He was asked by a business man yesterday whether the Red Shield Campaign now being carried on is for the purpose of squaring up old accounts or whether the money is required for the future requirements of the Salvation Army; in other words is the money wanted to carry out the programme of reconstruction now under active process of organization by the Army.

Mr. Tutte made it quite clear that all moneys to be received as a result of the present Red Shield Campaign are to be applied to the work of reconstruction, and when he went on to elaborate upon the volume of work as laid out by the Army he most certainly demonstrated the necessity of receiving the most liberal support of the general public.

In concluding, Mr. Tuttle put the simple question, "Have we been satisfactory in the past." If so, "won't you trust us in the future?"

CITY NEWS IN BRIEF

Rotary Delegates—The local club yesterday elected James Adams and J. W. O'Connell as the representatives from this city to the convention of Rotarians to be held in Salt Lake City shortly.

Supreme Court—The parties involved in the action of the City of Duncan vs. McKinnon came to a satisfactory agreement in the Supreme Court, before Chief Justice Hunter, yesterday.

Shingle Fire—The Fire Department were called out to attend a shingle fire at 405 Government Street yesterday afternoon. There was very little damage done. At 11:30 last night an alarm called the department to a burning tar barrel on Johnson Street.

Public Market Prices—Petitions are being circulated urging the City Council to appoint a commission to regulate the prices charged at the Public Market. It is asked that the commission fix a price list on every market day, the commission to consist of three persons, one representing the stallholders, one the City Council and one the public at large.

Indian Grievance—Rev. A. E. O'Meara and Mr. J. A. Tait, who have been working for some time in the interests of the Indian tribes of British Columbia, have notified Premier Oliver that they intend to carry to the Privy Council the ancient grievance of the native races in respect to their rights, which, they claim, have never been legally withdrawn.

Struck by Automobile — Shortly after five o'clock yesterday morning, a couple of men in an auto were speeding down Government Street, at the rate of between 35 and 40 miles an hour. Near Orchard Street two employees of the B. C. E. Railway, were walking down the middle of the road on their way to work. The car, driven by George Campbell, struck Mr. Kilby, one of the pedestrians. The car then swerved, and skidded about 50 feet. Kilby was attended by Dr. McMicking. Campbell was arrested, an din the Police Court yesterday pleaded guilty, but as he was not in a fit condition to give evidence, the sentence was deferred until today. In Court, King, the other occupant of the car, was charged with assault, but as he did not appear a summons was issued.

BIG FIELD ENTERS WESTERN GOLF EVENT

CHICAGO, June 12.—More than 400 entries have been received here by Crafts W. Higgins, assistant secretary of the Western Golf Association for the western amateur golf championship at the Sunset Club, St. Louis, next week. This announcement was made today with the addition that there was every indication that the highest class field in the history of the event would be listed.

Among the entries are Hobby Jones and Perry Anair of Atlanta; Jimmy Standish and Wyllie Carhart of Detroit; John Simpson, of Indianapolis and Nelson Whitney, former Southern champion. The Chicagoans entered include Charles (Chick) Evans jr., Paul Gardner, Warren K. Wood, Kenneth Burns, Donald Edwards, Robert Markwell and Walter Crowdus. In the eastern contingent are D. E. Sawyer, Francis Ouimet and John G. Anderson.

CRICKET TEAMS SELECTED

The following elevens have been selected to represent their respective clubs in tomorrow's senior cricket league matches:

Congregationals—G. Austin (Captain); R. J. Ferris, H. T. Lock, H. Gardler, L. Wyles, T. Howland, W. Erickson, D. E. Oliver, W. Pargiter, W. Davenport and J. Field. Reserves, E. W. Sweetland and H. Moulton.

Five C.'s—Watson, Wilkinson, Taylor, Davies, Westwood, Tucker, Harrigan, Payne, Lee, May, Edwards.

Christ Church—Shipway, (Captain); Dean Quainton, E. Quainton, Sutton, Booth, Gordon Leeming, George Leeming, Gilham, Marshall, Capt. Foster and Beeston. Reserves, Wrigglesworth, B. Oliver and Greenwood.

Cricket Committee Meeting

The working committee in charge of the ground arrangements for the inter-city cricket match, to be played here between Victoria and Vancouver on July 1, will hold a meeting tonight at 841 Broughton Street.

National Golf Title Won by Walter Hagen

Dempsey's Old Manager Wants Slice of Spoils

ATHLETES TRAIN FOR INTER-ALLIED GAMES

Preparations Made to Accommodate Army of Competitors — Arabian Camel-Riders Will Give Exhibition.

PARIS, June 12.—Six hundred athletes already are training for the inter-allied games at Colombes, where quarters have been prepared for 3,500 athletes, trainers, cooks and others connected actively with the games. The athletes already there include 350 Americans, 175 Frenchmen, 150 Roumanians and 33 Arabians.

One hundred and five large tents to hold 350 men each have been erected. Each national delegation will have its own kitchen. The recreation huts are proving a big attraction to the non-Americans, to whom ice cream, jazz music and the phonograph are revelations.

The representatives of the kingdom of the Hedjaz have forty camels and 16 thoroughbred Arabian horses. The Arabians will not compete in the games, but will give exhibitions in riding horses and camels.

"JOHN THE BARBER" THREATENS LAWSUIT

Former Manager of Dempsey Is After His "Little Bit"—Claims $10,000 of Challenger's Share of Purse.

TOLEDO, Ohio, June 12.—John J. Reisler, known to the boxing fraternity as "John the Barber," a former manager of Jack Dempsey, has threatened to bring suit in an attempt to restrain Dempsey from meeting Willard in the heavyweight championship contest here July 4 unless he is paid $10,000 which amount it was said today, Reisler claims is due him out of the $27,500 the challenger is to receive for boxing Willard.

Reisler made known his demands to Tex Rickard, promoter of the contest.

Jack Kearns, manager of Dempsey, said he had taken proper legal action to protect Dempsey.

Willard and Dempsey are reaping a rich harvest as a result of the big crowds which continue to pay to visit their training camps. A crowd of 700 to 1,000 persons can be counted upon with regularity on week days and the attendance at the rival camps on Sundays usually reaches the 2,500 mark.

CANNOT AGREE OVER WORLD SERIES SPOILS

CINCINNATI, June 12.—The National Baseball Commission failed to reach a final agreement relative to any changes that might be made in the division of the world's series receipts at its meeting here today.

MORE BIG SCORES IN COUNTY CRICKET

LONDON, June 12.—(Canadian Associated Press.)—Following are the results of the English county cricket games ended yesterday:

Middlesex defeated Hampshire by an inning and 74 runs, Hearne making 218 and Hendron 201, not out, including 325 in partnership.

Sussex and the Australians drew, the latter losing eight wickets for 77 runs, Rolfe, for Sussex, making 102.

Essex and Kent drew, Russell making 122 and Perrin 101.

Northampton and Leicester drew, Mounting making 115 and Sharpe 121.

Notts and Surrey drew, G. Gunn (Notts) making 185, John Gunn (Notts) 118, Hobbs 85, Harrison 83, and Hitch 74.

Somerset beat Gloucester by 7 wickets.

CORRI THINKS BIG MATCH IS A JOKE

Limiting World Championship Fight to Twelve Rounds Appears Ridiculous to England's Boxing Leaders.

Among the boxing leaders of England the Willard-Dempsey fight, because of the twelve-round limit, is not regarded with respect. They cannot see how the heavyweight championship of the world can be decided in only thirty-six minutes. Among those who depreciate the meeting is Eugene Corri, who calls the bout a pantomime. He writes as follows:

"So, after chaffering here and there, Tex Rickard, the most daring promoter in the world, is able to announce at last that he has found a place where he can stage the Willard-Dempsey affair. But the contest is to be limited to twelve rounds. Well, if we accept this as a test for the world's heavyweight championship, then we will accept pretty well anything. For my part, I regard the fight as something very nearly like a pantomime."

Thinks Lynch Won

Corri adds that in his opinion Joe Lynch beat Jimmy Wilde in their recent bout, and that Wilde has abandoned his proposed trip to America. Corri intimates that Wilde is not as good as he used to be. We heard reports implicating Wilde with John Barleycorn some time ago. Says Corri:

"Whether Wilde is at the present time the Wilde he was when he played ducks and drakes with everybody, I am not sure. I believe that he was at his best before the war; he was astonishing when he met Joe Conn. Against Lynch I not only thought he was tired, but I thought he lost. He would be very foolish if he were to try to beat men like Ledoux, the French boy, that is, if Ledoux is anything like he was when he fought Joe Bowker and the late Digger Stanley. In this country and America there is a disposition to believe Wilde so good that he will take on almost anybody. Well, he won't.

Has Learned Discretion

Wilde has learned discretion. But at the proper time, providing conditions are satisfactory, he will not give the cold shoulder to Joe Lynch or Pal Moore. For some reasons I am sorry that Wilde has not held to the notion of making a trip to America, for I believe that you have not a man within a fair distance of his poundage who can beat him. As a flyweight, no country can produce a better boxer or a greater fighter. But I would have liked Wilde to have gone to America and boxed—for he really does box. However, he is to remain here and I see that he has been booked to fight Alf Mansfield. Wilde will beat him without difficulty. Still, it will be an interesting contest, for Mansfield has had a lot of experience in this country and in America."

SPORTING EDITOR IS TOO BUSY TO REFEREE

PHILADELPHIA, June 12.—William H. Rocap has eliminated himself from consideration as referee for the Willard-Dempsey fight.

In a letter today to Major A. J. Drexel Biddle, who had named Rocap as the third man in the ring, the latter, who is sporting editor of the Philadelphia Evening Ledger, said his duties to his paper would prevent his serving in an official capacity at Toledo.

Belgium and Holland

BRUSSELS, June 12.—The peace conference in Paris will invite Belgium and Holland to submit their differences as to waterways to a commission composed of representatives of the United States, Great Britain, Italy and Japan, but no suggestion for a transfer of territorial sovereignty nor the creation of new international obligations will be considered.

BAN IN NANAIMO ON PROFESSIONAL BOXING

Police Commissioners Refuse Permission for Bout Between Tommy Moore and Seaman Slingsby.

NANAIMO, June 12.—The police commissioners yesterday refused an application by Tom Moore, the well-known boxing instructor of the Western Pastime Club, for a permit for a 10-round boxing bout to be held in this city between himself and Seaman Slingsby, lightweight champion of the Canadian Navy. Tommy Moore won the Canadian lightweight title several years ago. For the past four years he served overseas, being wounded in action. When in England in 1916, before going to France, he won the lightweight championship of the Canadian Army, for which he holds a medal. A bout between Moore and Slingsby would thus have been a big drawing card.

Invitations were given to the police commissioners and chief of police to be present at the ringside so as to stop the bout in case of anything wrong being noticed, a guarantee, however, being given that everything would be on the square. Intimation has been received from Ladysmith that the bout will be permitted there, but Moore wished to appear in his home town.

The commissioners in their reply to Moore's letter did not state the reason for turning down his request, but possibly it is that they object to professional boxing being staged in Nanaimo, although it is allowed in Vancouver, Victoria and other cities in British Columbia. If so, it is evident that a new policy is now in force since the time that Joe Bailey and Johnny O'Leary battled for the title here four years ago.

UP-ISLAND BASEBALL ISSUES NEW SCHEDULE

NANAIMO, June 12.—The District Baseball League has been extended to include Chemainus and South Wellington, thus ensuring an exciting series of games to decide the championship of Northern Vancouver Island. The new schedule is given below, a feature being the games of Wednesday half holidays, sure to be a very popular attraction for the general public. Only one team is entered from Nanaimo, Weeks' Overlands, thus becoming the official city team. Practices of the Overland team will be held on the cricket grounds on Thursday and Friday evenings at 6:30, the next league game being scheduled for Sunday, when the Granby nine will play the locals on the cricket grounds, the game commencing at 3 o'clock.

The Season's Schedule

Sunday, June 15—Nanaimo-Granby; Extension-Ladysmith; Wellington-Chemainus.

Wednesday, June 18.—Granby-Extension; Wellington - Ladysmith; Chemainus-Nanaimo.

Sunday, June 22—Nanaimo-Ladysmith; Extension-Wellington; Granby-Chemainus.

Wednesday, June 25—Granby-Nanaimo; Ladysmith-Extension; Chemainus-Wellington.

Sunday, June 29—Chemainus-Nanaimo; Extension-Granby; Wellington-Ladysmith.

Sunday, July 6—Granby-Wellington; Ladysmith-Nanaimo; Chemainus-Extension.

Wednesday, July 9—Nanaimo-Wellington; Extension-Chemainus; Ladysmith-Granby.

Sunday, July 13—Extension - Nanaimo; Granby-Ladysmith.

Sunday, July 20—Wellington - Nanaimo; Chemainus-Granby.

Wednesday, July 23—Ladysmith - Chemainus; Wellington-Extension.

Sunday, July 27—Wellington-Extension.

TWO HUNDRED GIRLS ENTER FOR MARATHON

Second Annual Event for Athletic Young Women Takes Place in California Tomorrow.

SAN FRANCISCO, June 6.—Two hundred young women are expected to start in the second annual Dipsea overcountry race, to be held Sunday, June 8, under the auspices of The San Francisco Call and Post. The course is over seven miles of difficult roads, much of it being hilly. For this reason the entrants are obliged to undergo a regular course of training comparable with that of men long-distance runners. For several weeks the Dipsea trail, which is located in Marin county, about ten miles from here, has been dotted by young women in woolen shirts and khaki breeches, familiarizing themselves with the ups and downs of he course.

The race last year was won by Miss Edith Hickman in one hour, eighteen minutes and forty-eight seconds. One hundred and forty-eight young women finished the grind. The total number of starters last year was 177.

The majority of the contestants are accompanied over the course by trainers and advisors usually selected from male athletic friends of the women to whom they entrust their conditioning for the race. Thousands of spectators were gathered at the finish and this year special trains will be run to accommodate the crowds in the light of last year's experience.

A feature of the race last year was the wig-wagging of the positions of the leading girls by soldiers stationed at various high points along the route. These signals were relayed from peak to peak so that those waiting at the finish were kept advised throughout the race as to how the contestants were faring.

Each girl who finishes the course within two and one-half hours is presented with a silver bar. Among the cups to be won at the finish is one pre-

sented by Mayor James Rolph, jr., of San Francisco. Cal Ewing, president of the Oakland club of the Pacific baseball league, is another trophy donor.

JUNIOR BASEBALL

Snipers and Centrals Play Exciting Game to Draw After Ten Fast Innings.

The most exciting junior baseball game of the season was staged last evening at the Central School diamond, when the Snipers and Centrals played ten innings to a draw of 13 to 13. There was lots of excitement throughout the game, but it heightened in the last two innings, when the light was failing, and, when the game had to be called for darkness, both teams were about exhausted.

There was plenty of hard hitting. The Centrals were ahead with a ten run lead up to the eighth inning, when they suddenly weakened, and the Snipers brought in eight runs and a couple more tallies in the ninth, thus evening up the score.

Dangerfield, in the box for the Centrals, did some good hurling until the eighth, when he "blew up" and his team mates also failed in their support. Price was in his best form for the Centrals. The Snipers, led by Jeff Bothwell and McNaughton, worked their way up to a tie when victory seemed sure for the Centrals. The batteries were: Snipers—Bothwell, Thacker and McNaughton; Centrals—Dangerfield and Price.

A return match will be played shortly between the two teams.

QUALICUM CRICKETERS BEATEN AT NANAIMO

Game Was Played at Mining Town and Was Keenly Contested — Jepsbn Featured With Bat.

NANAIMO, June 12.—The boys from the Qualicum Hospital played a return match with the local cricket club on the Caledonian Grounds yesterday afternoon. The game was keenly contested, and proved very enjoyable.

The following are the scores of the two teams:

NEWSPAPER TEAMS BATTLE TONIGHT

The Times newspatherers met a scratch team from The Colonist editorial rooms last Tuesday in a seven-inning encounter and got away with a win. This evening, however, a picked team representing several departments of The Colonist will battle nine innings with an all-star aggregation from The Times, and plans to turn the tables with a vengeance on the ball tossers from the evening paper. The game starts at the Royal Athletic Park at 7 o'clock. Jack O'Brien has agreed to officiate as umpire.

The teams will line up as follows, subject to possibly one or two changes:

Colonist.	Times.
Goward ..... Pitcher	Wills
Townsley .... Catcher ...	Hutchison
Shaw .... First base ..	C. McDonald
Milne .... Second base ...	Buckett
J. R. Matson .. Shortsop	Bullock
Thomas .... Third base	Pickup
H. T. Matson .. Outfield ..	Jealouse
Veitch ..... Outfield	Nute
Bowden ..... Outfield	Askey
Grice ..... Outfield	—

Utility—For The Times—Frank Day, Bowers, Lemm.

FAST BALL GAMES SLATED FOR WEEK-END

Foundations Will Clash With Straith-Two Jacks and Collieries at Double-Header Tomorrow.

Tomorrow will be Foundation Day at the Royal Athletic Park. The fast-stepping shipyard ball-tossers, who are still at the top of the City League, will be seen in action in two engagements, the first being with the Canadian Collieries team, commencing at 2:15, and the second with their old-time rivals, the Straith-Two Jacks squad, at 4 o'clock. One admission will be charged for both games, although the youngsters will be allowed in free.

These two battles should be worth watching. The amateur games have been getting steadily better as the season advances, and each of the three teams that will make their appearance belong to the never-say-die variety that battle to the bitter end, no matter how the score stands. The decision in both contests will count a lot in the determination of the league standing, and the Foundations will have to fight every bit of the way if they are to make their ascendency over the other teams secure.

The Collieries have been greatly strengthened in their catching department by the acquisition of Theo Townsley. Townsley will add a lot of snap to the team's playing, and it was only because Manager McFarlane has a winning manner that he talked Straith-Two Jacks out of his services, as Jack O'Brien is awfully sweet on Theo's ability.

"Babe" Fortin, counted by many to be the best pitcher in the league, will be on the slab for Straith-Two Jacks. This Babe party has a peculiar record. He has now won thirteen straight games. His last pitching before going to the front was for Prince Rupert, where he won nine consecutive victories, Big Red Hunt, one-time Victoria Northwestern pitcher, and Henion, Vancouver's crack twirler, being among the victims. Harry Morton, Victoria's home-run idol and iron-armed pitcher, has watched Fortin's pitching several times this season and he thinks he has everything that goes to make a winning pitcher. As Harry remarked: "If I had that kid's confidence I'd spread-eagle any league."

The Foundation admirers are around with pockets full of pay checks looking for takers, and are finding plenty among the Two Jacks' backers.

Referring back to the coal miners, they have picked up for their infield two lightning fast players in Johnny Cummings and "Smiler" Pettigrew, old-timers around here who are just back from the war.

The Foundations will probably use Hodge or Ross on the slab against the Collieries, and Jimmy Holness, who has been in top-notch form this season, will probably be on the mound against Straith-Two Jacks.

WALTER HAGEN WINS PLAY-OFF FOR TITLE

Captures Open U. S. Golf Championship for Second Time—Brady Has Twice Figured in Play for Honors.

NEWTON, Mass., June 12.—Walter C. Hagen, of the Oakland Country Club, Detroit, won the open golf championship of the United States at Braeburn today, defeating Michael J. Brady of Oakley, by a single stroke in an 18 hole play for the title. It was the second time Hagen has won the championship, as he led the field in the same event in Chicago in 1914. Hagen shot the 18 holes today in 77.

The defeat was a bitter disappointment to Brady, as he lost in 1911, at Wheaton, Ill., in a three-cornered play off to Jack McDermott, and finished third to McDermott at Buffalo in 1912. The two players finished all even for the regulation 72 holes yesterday.

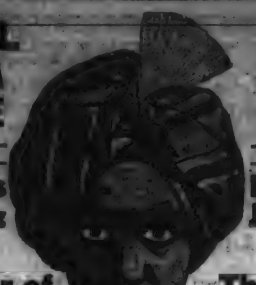

Ambassador Davis Returns

PARIS, June 12.—John W. Davis, American ambassador to England, left for London today, his work on the special commission to arrange for the civil regime on the left bank of the Rhine during the period of occupation having been completed.

AMUSEMENTS TODAY

The Stage

Pantages—Vaudeville.

The Screen

Columbia — Madge Kennedy in Goldwyn production, "Daughter of Mine," and Eddie Polo in "The Lure of the Circus."

Romano—Viola Dana in Metro comedy, "The Gold Cure," and serial, "The Hand of Vengeance."

Dominion — Anita Stewart in "Mary Regan."

Variety—D. W. Griffiths' production, "Hearts of the World."

Royal Victoria—Dorothy Gish in "Boots."

ROMANO THEATRE Viola Dana, the popular young Metro star, was the attraction yesterday at the Romano, in her latest production, "The Gold Cure," a comedy drama of decided charm and originality. The trials and tribulations of her friends, owing to the lack of young men in the town, becomes monotonous to fun-loving Annice, who has ideas of her own about a town where nothing but girls and elderly married people are left. With originality and determination she sets about remedying the situation and her successes are a surprise even to herself—so strangely are they brought about. The idea of capturing two handsome and eligible young men with a box of carpet tacks would not have occurred to any one, but Annice but her charm and beauty prove as deadly as the tacks, and once in the town the young men are there for good. Miss Dana puts all the charm of her youthful personality into this delightful comedy and the result is at once pleasing and satisfying.

ROYAL VICTORIA An excellent supporting cast appears with Dorothy Gish in "Boots," which will be shown at the Royal Victoria again today. Richard Barthelmess, who will be remembered as having appeared in "The Hope Chest" with Miss Gish, and the "Bab" series with Marguerite Clark has lead opposite the saucy little star. Raymond Cannon, who played the part of the country lover opposite Miss Gish in "Battling Jane," and the part of the soldier chum in D. W. Griffith's Artcraft production "The Great Love," is seen in an important part. Edward Peil, who played the part of the hero in "The Greatest Thing in Life," is a Bolshevist leader. Fontaine La Rue, the famous French character actress, plays the "heavy" opposite Miss Dorothy, and Kate V. Toncray, who also appeared in "Battling Jane," has the part of the London landlady.

PANTAGES THEATRE "I learned to play baseball on a corner lot and somehow or other I have never quite overcome the desire in me to keep on playing it every time the snow melts and the birds come back." This is the explanation of Madie De Long, the singing character comedienne who is an attraction on the current Pantages bill. Miss De Long does one of her songs "a la kid," introducing a baseball throwing specialty which never fails to win her applause. "The Canadian public—just as much as the American public—likes baseball because of its cleanness as a sport and its opportunities for excitement. "Everyone who is normally healthy and virile," Miss De Long declared today, "must love some kind of sport. The census of likes and dislikes among sport-lovers shows a great majority for baseball." Miss De Long is only one of six stellar turns on the current bill.

DOMINION THEATRE In "Mary Regan," the screen version of Le Roy Scott's great novel, in which Anita Stewart will be seen at the Dominion. Miss Stewart plays the part of a convict's daughter whose hand is sought by a rich man's son and by a detective. Its climax is the most thrilling raid upon a big cabaret ever put on screen or stage, incidentally bringing the answer to the heroine's love question. Miss Stewart wears many beautiful dresses one of which is a charming riding habit worn in the scene at the beautiful Mountain Hotel. The Chester Outing picture presented on the same bill, "Big Game Hunting in Africa," is one of the best of this popular series. It abounds in thrills and scenic wonders and leaves the audience wondering at the risks that were run by the camera man and his assistants in securing the close-ups of the wild animals. A good Christie comedy provides many laughs.

VARIETY THEATRE Is there a theatrical producer alive who ever spent eighteen months on one production? Hardly. Yet this is the amount of time and concentrated thought David W. Griffith devoted to the production of "Hearts of the World," which immediately was acclaimed his supreme triumph of direction. His background was the war front in France. His characters were humans in the midst of an awful tragedy, yet he intermingled in all the melee of gas attacks—flame waves—bombardments and aeroplane fights a wonderful love story that no heart can resist.

Nobody knows how much it cost for D. W. Griffith to film his supreme triumph, "Hearts of the World," now showing at the Variety, and nobody seems to care. Mr. Griffith himself doesn't know. All he feels about it is that the greatest ambition of his life is realized, which is more to him than money.

SNEDDON AND BAKER MAY MEET NEXT WEEK

Rival Lightweights Anxious to Try Conclusions Once More —Both Show Improvement Over Pre-War Form.

Superintendent W. H. Davies, who is acting as matchmaker for the V. I. A. A. boxing tournament, to be held at the Crystal Theatre on Saturday, June 21, states that he is trying to match Billy Sneddon of the V. I. A. A. with Roy Baker of the Foundation club, for the main event of the eight bout card of matched events, which the boxing committee of the association are endeavoring to arrange for the tournament.

Sneddon and Baker are old-time rivals. Prior to the war they met in the ring at the old Victoria Theatre on three or four occasions, honors being evenly divided. At the outbreak of the war, they both joined the forces as buglers, being under combatant age, and they left Victoria with the 88th Battalion. They have both had considerable ring experience overseas and both made good. Sneddon had the good fortune to be entered in some very good competitions in which he did well, and he was taken in hand by some of the Imperial Army crack boxers, with the result that he has returned to Victoria very much improved in his ring work. In his work-out with Al. Davies at the V.I.A.A. club quarters at the Gorge on Tuesday evening he demonstrated that he has worked himself up to be a lightweight of much more than the ordinary ability.

Sneddon's Style Changed

He has completely changed his style since his last appearance in this city and he can now be well described as a rugged, boring in, two-handed fighter, of the type that the followers of the game dearly love to see in action.

Al. Davies and Billy Sneddon boxed four fast rounds at the Gorge, and it was apparent that they were not sparing one another, as each showed marks from the others punches. Spectators who saw the set-to state that it was one of the fastest four round bouts that they have ever seen in this city.

Baker, who made his re-appearance in a local ring at the Foundation tournament last week, also shows great improvement both in speed and ring generalship, and a contest between these two rivals should prove a very attractive feature of the coming tournament. Baker, while with the C. E. F. in Germany, wrote W. H. Davies, asking him to arrange a contest between Sneddon and himself when they should both arrive back in Victoria, as he was anxious to meet his old-time rival once more.

Sneddon and Baker, though they left Victoria together, became separated while overseas, and did not have a chance to get into action with one another in the various competitions in which they were entered "over there." Now that they are both once more back in civilian life and beginning to get busy in the ring again, it is only natural that they should both be anxious to get together to try conclusions once more.

Weights About Equal

Both boys are about the same weight, a little too heavy for the featherweight class, and can both enter the ring at about 136 pounds. Sneddon, when asked if he would take part, stated that he would be "more than glad" to have a chance to meet his old rival once more, while Baker has promised to give Mr. Davies a definite reply at the beginning of next weeke.

Several other good matches are being arranged, which according to the committee in charge of the tournament, will round out a very excellent evening's entertainment, which they claim will compare very favorably with the well-known standard of shows which were staged by the club in the pre-war days.

Any service boxer who may wish to get back into the game is asked to see W. H. Davies at 841 Fort Street, who will advise as to arrangements for training.

ADDRESS ON TITLES IS SENT TO LONDON

OTTAWA, June 13.—The Speaker read in the House of Commons this afternoon a letter from the Governor-General stating that His Excellency had received the address of the House in regard to the conferring of honors. The address had been transmitted to the Secretary for the Colonies, "in order that it may be humbly laid at the feet of the throne."

ALEXANDER TERMED PSYCHIC MARVEL

"The Man Who Knows" Opens Week's Engagement at Royal Victoria Next Monday Evening.

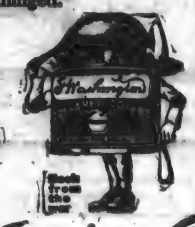

Alexander, "The Man Who Knows," will return to Victoria for a six-day engagement at the Royal Victoria Theatre, beginning next Monday night.

The Coffeeness of Coffee

G. WASHINGTON'S COFFEE is pure Coffee. It is nothing but Coffee. It is the Coffeeness taken out of the berry, while the waste and woody substance is discarded.

It comes as a golden brown powder in a can. To a spoonful of this powder in your cup you add water and your coffee is instantly made.

Its flavor is exquisite.
It is not denaturized, de-caffeinized nor de-anythinged.
It is Coffee—Perfected for human use.
It is the Real Thing.

PLAY LACROSSE AT SIDNEY TOMORROW

Victoria West Brotherhood Intermediates Will Journey to Saanich to Engage in Second Game of Series.

Tomorrow the Victoria West intermediate lacrosse players will journey to Sidney to play their second game with the Sidney stick-handlers. Although there are only two teams now in this league, the three home and home matches, which it has been arranged to play, should be productive of some fine lacrosse, judging from the first game, which was played here on Saturday last, and ended in a draw after a lengthy period of overtime. The locals have been keeping in fine shape through some strenuous work-outs, and are determined that this game shall not end in any draw, though on their home ground the Sidney experts may be depended on to put up a strenuous fight for the honors.

The Victoria West team will meeet at 1:30 at the City Hall tomorrow to board the motor cars for the trip and the game will start at Sidney at 3 o'clock. Here is the line-up:

Victoria Wests	Position	Sidney
W. Fairall	goal	Purdy
Marcelle	point	E. Munroe
Patterson	cover point	B. Munroe
L. Redgrave	1st defence	L. Shore
Creech	2nd defence	B. Johnson
E. Popham	3rd defence	B. Burton
Morrison	centre	J. Gerkie
C. Brown	3rd home	W. Veitch
Alexander	2nd home	P. Selegriba
S. Humber	1st home	M. McClure
A. Robertson	outside home	D. Robson
Shandley	inside home	B. McClure

Reserves—P. Humber, E. Harris and Miller.

ALEXANDER'S MAIL IS QUITE HEAVY

Seekers After Truth Propound Many Questions for Solution by Crystal Gazing Adept

Apparently there are many in Victoria who want to be advised regarding domestic and other affairs.

This condition may be construed from the quantity of letters received at The Colonist office since the announcement yesterday morning that Alexander, "The Man Who Knows," had consented to answer Colonist readers during his engagement of six days at the Royal Victoria Theatre, which will commence Monday night.

Letters from the city proper and from the immediate vicinity poured into the business office of The Colonist yesterday; some came by mail and a great number were delivered personally. The volume received thus far would tend to presage that aside from his entertainment at the Royal Victoria Alexander will be kept pretty busy advising the inquisitive.

Queries to the extent of fifteen daily will be answered through the columns of The Colonist for Colonist readers. The number is limited, owing to lack of space and the limit of Alexander's time.

All that is necessary is to write your name plainly on a piece of paper and then write your question briefly, sealing the same in an ordinary envelope and addressing to "Alexander, care of The Colonist." Mail or bring the letter to The Colonist office.

Remember that Alexander will answer questions only during his entertainment at the Royal Victoria Theatre or through The Colonist, his contract with Manager Cliff Denham, of the theatre, precluding any private readings or audiences.

The first questions and answers will appear in The Colonist Tuesday morning.

RETAIL MERCHANTS HOLD MEETING

Section of Board of Trade Deal With Routine Matters Last Night.

The bylaws of the Retail Merchants' Section of the Board of Trade at their meeting last night were revised and adopted. A communication from the Retail Clerks' Association of Vancouver was read asking what stand the Retail Merchants would take in a proposed 6 o'clock closing Saturdays. The secretary was asked to reply that in view of the inconvenience to the general public of a 6 o'clock closing on Saturdays, the meeting was not in favor of the early closing. The secretary will also address a communication to the City Council asking upon what days the stores may remain open.

Some members desired to ascertain if some form of delivery could be inaugurated cheaper than that now existing.

A communication was read from the Vancouver Board of Police Commissioners stating that the city intends to prosecute those firms involved in the automobile guessing contests on the ground that they are lotteries. In this letter the press is asked to warn the public that anyone taking part in this contest are also liable to prosecution.

Persia Presents Claims

GENEVA, June 13.—The Persian legation in Berne announces that Persia is about to claim an indemnity at the peace conference in Paris for war losses. The legation says that although Persia was neutral, 300,000 Persians lost their lives as a result of battles in Persia and Turkish invasion, and that damage to state property is computed at 33,000,000 francs and that to private property 2,500,000,000 francs.

Chasing Bolsheviki Craft

ARCHANGEL, June 13.—United States motor launches are now cooperating with the British flotilla on Lake Onega. Sunday the allied flotilla put to flight four Bolsheviki craft.

There is nothing in Office Furniture we cannnot supply—from hat racks to vault equipment.

HOTEL RE-OPENED AT CADBORO BAY

Handsome Structure at Well Known Bathing Beach Once More Welcomes Visitors

That delightful seaside resort—The Cadboro Bay Hotel—built some few years ago, but which during the five years of the war has been idle has now been reopened and will be conducted in a style quite in keeping with the ideal situation and former high reputation of the house as a first class hostelry.

It goes without saying that the surroundings of this hotel are quite unique even in this part of an island which abounds in such appealing spots for seaside resorts. Cadboro bay beach is well known as without a peer, the great stretch of fine white sand making it an ideal bathing beach for children, while the facilities offered by the tramway places it at the disposal of all. So that the just opened hotel offers an ideal place to take the children for an outing.

The dining rooms will be run a la carte and will be presided over by a most capable chef. Afternoon teas will be served on the verandah, and every thing will be done to make the hotel a first class family resort.

THE SONS OF MARTHA

The Sons of Mary seldom bother, for
they have inherited that good part,
But the Sons of Martha favor their
Mother of the careful soul and
the troubled heart,
And because she lost her temper once,
and because she was rude to
the Lord her Guest,
Her Sons must wait upon Mary's
Sons, world without end, re-
prieve or rest.

It is their care, in all the ages, to take
the buffet and cushion the
shock.
It is their care that the gear engages
—it is their care that the
switches lock.
It is their care that the wheels run
truly—it is their care to em-
bark and entrain,
Tally, transport and deliver duly the
Sons of Mary by land and main.

They say to mountains, "Be ye re-
moved." They say to the lesser
floods, "Be dry."
Under their rods are the rocks re-
proved—they are not afraid of
that which is high.
Then do the hill-tops shake to the
summit—then is the bed of the
deep laid bare,
That the Sons of Mary may overcome
it, pleasantly sleeping and un-
aware.

They finger Death at their glove's
end where they piece and re-
piece the living wires.
He roars against the gates they tend;
they feed hungry behind their
fires.
Early at dawn, ere men see clear,
they stumble into his terrible
stall,
And hale him forth like a haltered
steer, and goad him and turn
him till evenfall.

To those from birth is Belief forbid-
den; from these till death is
belief afar.
They are concerned with matters hid-
den—under the earth-line
their altars are.
The secret fountains to follow up,
waters withdrawn to restore to
the mouth,
And gather the floods as in a cup, and
pour them again at a city's
drouth.

They do not teach that their God will
rouse them a little before the
nuts work loose;
They do not preach that His pity al-
lows them to leave their work
when they dam-well choose.
As in the thronged and the lighted
ways, so in the dark and the
desert they stand
Wary and watchful all their days,
that their brethren's days may
be long in the land.

Raise ye the stone or cleave the wood
to make a path more fair or
flat;
Lo, it is black already with blood
some Son of Martha spilled for
that!
Not as a ladder from earth to
Heaven, not as a witness to
any creed,
But simple service simply given to
his own kind in their common
need.

And the Sons of Mary Smile and are
blessed—they know the Angels
are on their side.
They know in them is the Grace con-
fessed, and for them are the
mercies multiplied.
They sit at The Feast—they hear The
Word—they see how truly The
Promise runs;
They have cast their burden upon
the Lord, and—the Lord He
lays it on Martha's Sons!

—Rudyard Kipling.

SIDNEY PREPARES FOR DOMINION DAY

Arrangements Being Completed for Fitting Observance of 1st of July—Transportation Question Solved.

SIDNEY, June 13.—It has been definitely settled that features of the big Dominion Day celebration which will be held in this city July 1 will be an aeroplane demonstration and a clay pigeon shoot. Arrangements for a lacrosse game between the Sidney Mills team and another team of the Intermediate Lacrosse League are pending, but it was stated at the meeting of the Dominion Day committee held at the Sidney Hotel last night that the matter of the game will be settled in a day or two and that it is fully expected that a league game will be played.

Secretary F. F. Forneri read a letter from Lieut. W. H. Browne, of the Aerial League conveying the information that the plane Pathfinder will arrive here at 10 o'clock the morning of the celebration. Mr. J. J. White, secretary of the Sidney Rod and Gun Club, reported that beginning at 5 p. m. July 1 and lasting as long as daylight continued a clay pigeon shoot would be held, and that the Esquimalt and Victoria Gun Clubs would be invited to participate by the local organization. Mr. J. B. Burton, secretary of the Sidney Amateur Athletic Association, reported that the schedule for the Intermediate Lacrosse League will be definitely established at a meeting at Victoria this evening, and that he would exert himself to secure a game for the occasion of the Sidney Dominion Day celebration.

Mr. H. F. Cross, of the transportation committee, reported that he had interviewed Mr. Critchett, secretary of the Victoria Jitney Men's Association, and that the latter had stated that in his opinion the association would be able to devote about 40 automobiles to a Victoria-Sidney service for Dominion Day. Lieut. M. Davey, of the Victoria-Sidney Motor Stage, had also stated that he and his associate, Mr. F. Hobson, contemplated putting on seven or eight additional cars for the day.

Aerial Advertising

The matter of advertising by dropping copies of the official programme from an aeroplane was discussed, and it was decided to engage the Aerial League plane Pathfinder to distribute 5,000 programmes over the Capital City in this way.

Mr. J. J. White reported that although he had secured them only that morning, he had already sold 33 tickets in the aeroplane trip drawing.

At a meeting of the committee which has in charge the disbursement of the fund raised during the recent May Queen contest and May 24th celebration a motion was passed to the effect that this fund—with the exception of $100—be placed in bank to apply on the purchase of a war memorial athletic park and children's playground for Sidney, and that the $100 excepted be devoted to cleaning up and preparing for use a bathing beach for the children of the community, and that the July 1st celebration committee be requested to devote moneys realized through the coming Dominion Day celebration toward the purchase of a war memorial athletic park and children's playground. The members of the committee empowered to spend the May 24th money are: Mrs. J. F. Sinister, Women's Institute; Mrs. A. O. Wheeler, I. O. D. E.; Messrs. G. A. Cochran, Ed. Blackburn and E. F. Lesage, Board of Trade.

STRIKE HALTS FISHING

Lack of Transportation Interferes With Industry at Campbell River—Big Run Expected Shortly.

CAMPBELL RIVER, June 12.—The strike of seamen and firemen on the coastal steamers caused a holding-up of the fishery here owing to lack of transportation for fish which supplies the markets of Vancouver and Victoria. The continuance of the strike will prove a serious setback for the industries on the Coast, especially in the supplies of food, machinery and workmen for the many canneries and lumber camps along the whole Coast of British Columbia.

It is rumored that the salmon canneries will open here very shortly and the arrival of some three or four hundred fishermen will make this a busy centre for the next five months. The fish are starting to come in but the run will be in full swing by the 20th of June.

CAMPBELL RIVER HOSPITAL BENEFITS

New Hall at Island Resort Scene of Joyous Festivities in Aid of Institution

CAMPBELL RIVER, June 12.—A sale of work followed by a grand ball was held here on Saturday in the fine new hall recently built by Mr. Thulin, the proprietor of the Willows Hotel at Campbell River. The handsome sum of over $500 was netted from both events and was handed over to the Campbell River General Hospital, a most deserving institution in this district. All the ladies at the River and from Valdez Island deserve great praise for the manner in which every item was carried out and the gentlemen who conducted the auctions were past masters at this form of money-raising. Over 400 people attended, many coming from Nanaimo, Cumberland, Courtenay and the many other districts on this part of the Island. The hall was electrically lighted and the floor space, measuring 100 by 35 feet, was in splendid shape for dancing; in fact the hall is one of the finest in the Province and will prove a great attraction for visiting tourists during the season.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

"GILLETT'S LYE EATS DIRT"

Made in Canada.

TOURING ISLAND HIGHWAY

Many Motorists Visit the Popular Northern Resort and Report Roads in Good Shape.

CAMPBELL RIVER, June 12.—The Island Highway is proving more popular than ever this year and even at this early date many tourists are arriving at this point and report the roads in splendid condition and those who are making their first visit to this resort are highly pleased with their trip.

RETURNED SOLDIERS TAKING UP LAND

CAMPBELL RIVER, June 12.—Quite a few returned soldiers have made their appearance in this district of late and some have located on Cortes Island on small farms and others are taking up land in adjoining districts. There is room for many hundreds of these men on the Coast of British Columbia and with the combination of fishing and farming there is a good future for those who seriously go to work to develop the resources which are many and varied along the seaboard.

Little Child's Death

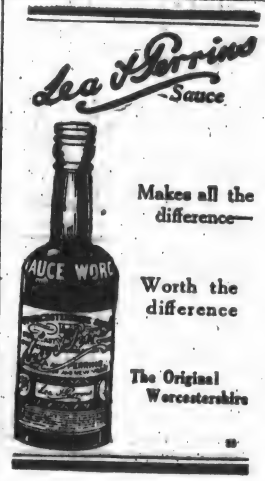

NANAIMO, June 12.—The death occurred yesterday morning at the family residence, 414 Haliburton street, of Eugene, the 8-months-old son of Mr. and Mrs. D. Termini. The funeral will take place from Haliburton street on Thursday afternoon at 2 o'clock, Rev. Mr. Balderston officiating.

Where the Cowboy Survives

A writer in The Manchester Guardian who laments the passing of the cowboy makes one error. He is right in saying that most of the West is fenced in with barbed wire; that cattle owners object to the lassoing of steers worth $100 each, because too many legs and necks are broken; that the six-shooter has been taken away by laws against concealed weapons, and saloons have been closed by prohibition, and that high-heeled boots and "chaps" have been found to hamper such work as digging post holes. One might object that a select number of cowboys ride in the southwest, that one need not go beyond Oklahoma to see such noble arts as the "bull-dogging" of cattle superbly maintained. But the real survival of the cowboy is in the movies. With William Hart alive, who will say the West is dead? The cowboy, quirt, sombrero, leather fringes and all, rides over as much film in one night as he ever traversed on the plains in one year. When we entered the war, Punch depicted the German private's agonised dream of our soldiers' arrival—a mustang-mounted group of Westerners in wild pursuit of Hans, six-shooter fusillading in both hands. While barbed wire conquered the cowboy, the cowboy conquered the world.—New York Post.

Shriners Select Portland

INDIANAPOLIS, Ind., June 12.—Portland, Ore., was selected over New Orleans, as the 1920 meeting place of the Ancient Arabic Order Nobles of the Mystic Shrine at the closing business session here today. The vote was 335 favoring the Pacific Coast city to 122 for New Orleans.

DOMINION TIRES

ARE GOOD TIRES

"I like them because, to me, they have been the most serviceable, most satisfactory, most uniformly good tires that have come to my notice in all the years I have driven a car.

"I like them because they are the easiest riding tires I ever had on my car.

"I like them because they cost less. Not less in first cost, but in actual mileage and freedom from tire trouble and expense.

"More than this, I ride on perfectly balanced tires, because my DOMINION TIRES are fitted with DOMINION INNER TUBES, made by the same experts who make the tires, and made expressly to fit my tires.

"This is a service that we motorists appreciate, complete and thoroughly satisfactory."

DOMINION RUBBER SYSTEM

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

For Men and Women, Boys and Girls and Children

NANAIMO WILL HOLD GALA ON DOMINION DAY

Elaborate Programme Has Been Prepared for Sports, for Which Many Entries Are Expected.

NANAIMO, June 12.—The Western Pastime Club has committees at work arranging all details of the big celebration that is to be held on Dominion Day, the day's sport opening with a big regatta in the morning, the feature of which is to be an Indian war canoe race, 11 paddles, the sum of $110 being put up for first prize, and $55 for the second. Entries are assured for this big race from Nanaimo, Valdez, Kuper, Chemainus and Cowichan, making the event an Island championship and a stirring contest seems assured.

Other events on the programme of water sports will be: Boys' swimming race, 75 yards, 15 years and under, 1st prize, $5; 2nd, $3. Men's swimming race, 75 yards, 1st prize, $5; 2nd, $3.50. Ladies' swimming race, 75 yards, 1st, $5; 2nd, $2.50. Miller and sweep, special prize; 50 yards swimming race, open, 1st, $5; 2nd, $2.50.

Water Polo—Five men a side, Nanaimo vs. Ladysmith, 1st prize, $7.50 per man.

Double paddle upset canoe race—200 yards, 1st, $1; 2nd, $5.

Swimming for ducks, ducks as prizes, no limit.

Trick and fancy diving, special prizes.

Greasy pole—Pig in box, 1st, $5; 2nd, the pig.

The afternoon sports will be held on the Cricket Grounds commencing at 2 o'clock and will comprise field and track events, football, baseball, or lacrosse, jumping and other attractions.

The celebration will be brought to a close with a boxing tournament in the evening in the Opera House and a dance in the Oddfellows' Hall.

PRESENTED WITH MEERSCHAUM PIPES

Citizens of Extension Express Appreciation of Services in Connection With Compensation.

EXTENSION, June 12.—The K. of P. Hall was the scene last evening of a dual social function, namely a celebration in appreciation of the receipt of compensation to those who sustained losses in the 1913 strike riots and a farewell reception to Sam Thomson, master mechanic for the Canadian Collieries at Extension, who is leaving on a four months' trip to the old country.

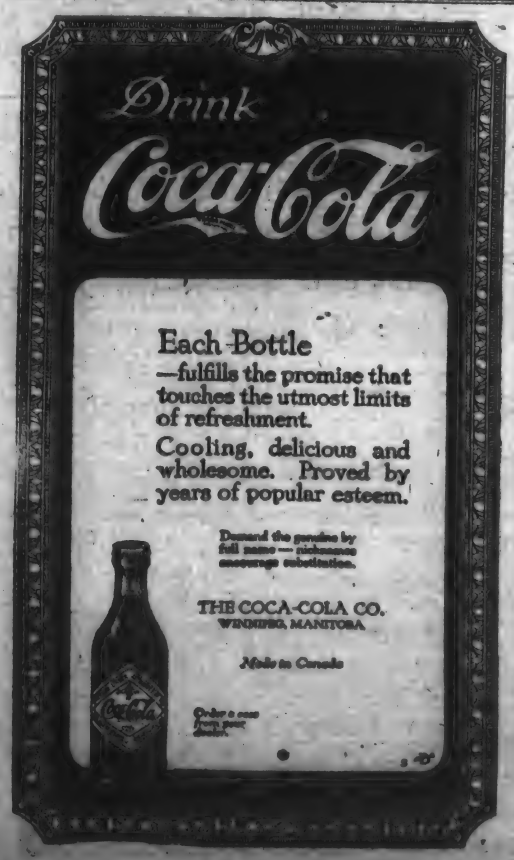

Meerschaum pipes were presented to Mr. Thomson and Mr. A. Glen in appreciation of their services in securing the compensation, the presentation being made by the Compensation Committee. The fellow workmen and friends of Mr. Thomson also presented him with a Gladstone bag. A pleasing incident was the presentation to Mr. Thomson's little daughter, Miss Jessie, of a silver purse.

Mr. A. S. Hamilton, a former resident of Nanaimo, and now master mechanic for the Canadian Collieries at Union Bay, presided over the gathering, and recited a poem of his own composition, entitled "Henry Reifel's Last Journey." Among those taking part in the programme were Mr. D. Lambart and Mr. M. G. Mossman.

Salt Spring Personals

GANGES, June 12.—Mr. E. H. Streeten, of Ganges, is visiting Victoria for a few days.

Mr. Basil Cartwright left on Wednesday to spend a few days in Victoria.

PILOTAGE CHANGES CAUSE DISQUIETUDE

Nanaimo Board of Trade Doubtful Regarding Effect of Proposed Measure—Endorse Hospital Scheme.

NANAIMO, June 12. — That the proposed changes in the pilotage system of British Columbia will work to the disadvantage of Nanaimo was pointed out at last night's meeting of the Board of Trade by several speakers, for while the pilotage fees under the proposed changes will be reduced on large vessels they will be increased on small vessels and tugs and it is principally this class of vessel that calls here for bunker and cargo.

The report of the commission, which is somewhat lengthy, was the subject of considerable discussion, being eventually referred to a committee for investigation and report at the next meeting.

Mr. R. H. Ormond was elected to represent the Board of Trade on the Board of Management of the proposed Community Centre and the Reception Committee was delegated to represent the Board on the General Committee that has in hand the arrangements of Nanaimo's Peace Celebration.

The meeting endorsed the proposal to erect a new hospital in Nanaimo and appointed President Murphy and Vice-President Beattie to represent the board on the permanent Hospital Committee with full power to act.

A communication was received from Mr. J. C. McIntosh, M. P., in reference to harbor improvements as follows:

"Dear Sir,—I have been endeavoring to have the Nanaimo Harbor work resumed, but have been up against the proposition by lack of chisels for the rock breaker, which, as you are aware, have all been broken and new ones have to be obtained from Scotland at very great expense.

"I enclose you a memorandum from the Deputy Minister showing what investigations have been made along the line of securing the repairs of the old ones by welding and the purchase of new ones. I am advising the Deputy Minister that some provision either by repair or purchase of new chisels should be made at once, so that if a decision is arrived at to resume work the Department will be in a position to undertake it.

J. C. McINTOSH."

The question of numbering the houses of the city in preparation for free mail delivery was referred to the Civic Committee to take up the matter with the City Council and President Murphy was authorised to name two delegates to wait upon the Provincial Government in reference to road improvements in this district.

NANAIMO COUNCIL HELD LONG MEETING

Waste of Water by Citizens Censured —Camping Ground for Motor Tourists.

NANAIMO, June 12.—At a meeting on Monday evening the City Council ordered the construction of a new water service on Fitzwilliam street from Wallace to Selby streets, completing the circuit of the block, and carrying out the plan urged upon them by ex-Ald. James Young.

Among the other business at the meeting was the completion of the Tax Consolidation Bylaw, and a decision to set aside a portion of Millsteam public park as a camping ground for tourists.

The bylaw brought in by Ald. McGuckie to consolidate the taxes in arrears on December 31, 1918, was completed and given the third reading, any further alterations to be made on the reconsideration of the bylaw next week.

Ald. Jones called attention to the common practice of leaving hose pipes running all night in gardens, which was pure waste as it made no use of the water whatever and did not benefit gardens as spraying would do.

The Mayor doubted if an appeal would do any good, as appeals never seemed to be heeded.

Ald. Matthews thought meters the only effective check.

Street Foreman McKenzie reported an expenditure in wages during the past week of $271, and Water Works Manager Shepherd reported an expenditure in his department of $530.11.

The Mayor suggested that the Legislative Committee prepare a resolution for next week's meeting fixing the date of the by-election to fill the vacancy on the Council caused by the resignation of ex-Ald. Young.

MRS. BEDDES FUNERAL LARGELY ATTENDED

Remains Laid at Rest in Church of England Cemetery, Ganges, Salt Spring Island

GANGES, June 12.—The funeral of Mrs. Beddes, of Ganges, took place on Tuesday afternoon at 2 o'clock. After service had been held in St. Paul's Church, Ganges, the remains were laid to rest in the Church of England cemetery. Rev. Geo. Aitkens, assisted by Mr. C. Abbott, officiated. A large number of old timers was present both at the church and grave, and a large number of wreaths had been sent from relatives and friends. The pall bearers were Messrs. E. Walter, W. Stevens, McA'Fee, J. C. Scovell, Nels Nelson and J. Akerman.

WOMEN'S INSTITUTE

The Parksville Women's Institute held their regular monthly meeting June 4 with a fair attendance, the president in the chair. The subjects discussed were the Co-operative Association, which has just been formed; the aims and objects of the women's institutes; the dangerous corners of certain parts of the district as regards brush which obstructs the view of traffic; election of member for advisory board for Fall Conference; flower show arrangements to be decided at a directors' meeting and social committee meeting, to be held at a later date

Lady's Wrist Broken

NANAIMO, June 11.—An unfortunate accident took place yesterday when Mrs. H. R. Wilson fell from the verandah of her home on Kennedy Street to the ground, breaking her wrist and sustaining other injuries which necessited her removal to the hospital. It was stated at the hospital this afternoon that she is resting well and promises to make a fast recovery. Mrs. Wilson was shaking a carpet on the verandah when the barrier gave way, causing her to fall off.

Mine Employees' Picnic

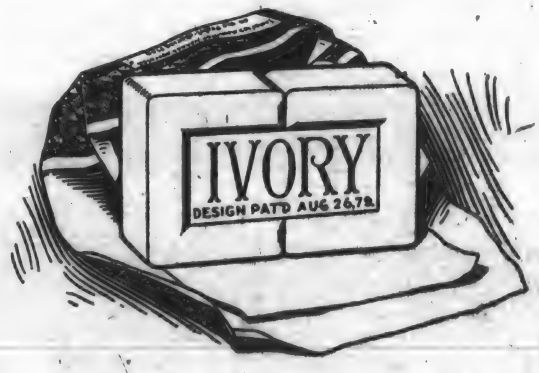

NANAIMO, June 12.—The annual picnic of the Western Fuel Company's employees will be held on Saturday, July 19, when a splendid programme of music, sports and other entertainment will be provided. The place of the picnic has not yet been announced.

Welcomed Returned Soldier

NANAIMO, June 12. — A large number of friends gathered last evening at the home of Mr. Ed. Devlin to welcome Pte. Sam Devlin, who returned from the front lately. Sam, who is a native son of Nanaimo, left here as a bugler in the early stages of the war. He was wounded in the leg and is still suffering from his wounds, and will be going into hospital at Victoria.

Condition Critical

NANAIMO, June 12.—Herb Nicholson, who was injured on Sunday while playing with the Nanaimo United against Ladysmith, still lies in a serious condition in a Ladysmith hospital. This morning he had not recovered consciousness. The accident followed collision with a Ladysmith player, when Herb was thrown heavily on the ground, falling on his head.

Agreeable to Everybody

Ivory Soap has every quality you can wish for in a toilet and bath soap. It is pure. It is mild. It is white. It floats. Its perfume is the natural fragrance of pure, high grade materials.

Ivory is everything that a soap can be because it is nothing but pure soap, non-injurious and thoroughly cleansing. It isn't possible to make a better or more universally likeable soap.

Act now—they are going fast. For free booklets and full information write H. L. Loughran, 608 Hastings Street, Vancouver, or Allan Cameron, General Superintendent of Lands, 901 First St. East, Calgary.

FARM for Sale—Eight acres, good fruit land; close to river and daily train service to Nelson. Terms $150 down and $10 monthly. Taxes paid for year 1919. Apply Box 3920 Colonist.

ACREAGE FOR SALE (Continued)

MALAHAT BEACH

BEAUTIFUL waterfront acreage, partly cleared, with nice shade trees, running water, on the Island Highway. Price and terms on application.

ALSO acreage overlooking the sea and on the main road, partly cleared, suitable for chicken, fruit or vegetables. At greatly reduced prices.

For full particulars apply to
A. S. BARTON WISE & CO.
111 Pemberton Bldg. Phone 2901

COBBLE HILL—Thirty acres first-class land, 20 acres cleared, 10 in pasture, 1½ acres full bearing orchard; good water supply; two houses; barn, stable, all farm implements. Two miles from station, one mile from sea. $6,500, terms. Owner is old and must sell.
H. AMPHLETT G. C. HOWELL
101 Union Bank Building
Phone 5900.

EIGHTEEN ACRES West Saanich Road—8 miles out; excellent soil; good water; no improvement, $2,700.

QUEBEC STREET, near Menzies—6-room bungalow, 60x120 lot, Price $2,600; terms.

E. A. HARRIS
641 Fort St. Phone 2251

A PROFIT PRODUCER
EIGHTEEN acres splendid soil, 14 acres in crop; should yield $850 this harvest; balance in hay and pasturage. Small house, 4 rooms, well, fruit trees, fenced and cross fenced. Conveniently located near Victoria. Good reason for selling at a sacrifice, $4,000.
H. AMPHLETT G. C. HOWELL
101 Union Bank Building
Phone 5900.

FOR SALE—4 acres, Wilkinson Rd., near car, 5 roomed house, stable; high elevation; make fine residential site or chicken ranch. Price $3000 cash. Apply Box 1878, Colonist.

ONCE IN A LIFETIME
An opportunity like this appears on the market.
FIVE acres, with new house, city water, electric light, telephone, land all under cultivation; rich soil; good view. Just outside city limits, 10 minutes' walk from Hillside car; sidewalk to the property. Adjoining property sold at $5,000 per acre. We can deliver the whole thing for $5,750.
FIVE acres adjoining above, all under cultivation. City water, telephone, electric light, but no house, $3,750.
TWO acres adjoining city limits, under cultivation, city water, electric light, sidewalk. Close to car, $1,600.
TWELVE acres, near Royal Oak, ½ cleared, rich soil, $180 acre. Terms on all.
R. B. PUNNETT
307 Pemberton Block. Phone 2206

FOR Rent—9 acres good pasture, fenced, watered, including acre of oats. Irvine Estate, Cedar Hill. Phone 1610L.

FOR Sale—Langford waterfront, small house, 4½ acres, or would exchange for smaller acreage closer in. Value $1,500. Apply W. Bartle, 3182 Albina Street.

A SHEEP RANCHING OPPORTUNITY
FOR Sale—Only three hours' distant from both Victoria and Vancouver, 130 acres, which will make an ideal sheep ranch. There are no panthers to bother the flock, and there are ten miles of good range which will carry at least 200 ewes without danger of overstocking. From the natural conditions, sheep on the range can be located without trouble. They will come in, in excellent condition in the Spring without any hand feeding.
There are 20 acres cleared and 40 more easily brought under cultivation. A running stream flows through the property for sale; also there is a great spring high above the buildings from which water can be piped by gravity.
Property has a large shore frontage, nice sheltered beach, and is near wharf.
Buildings are not worth mentioning, but might do till better were put up.
Price only $4,000.
An opportunity for a returned soldier.
GRUBB & HAMILTON
Mahon Block (over 15c Store).

GOOD FARMING LAND IN COURTENAY VALLEY—50 acres of splendid soil, slashed and burnt. A man and team can get this ready for the plough with very little work. Splendid location, 2 miles from town; milk called for daily. Price $3,500 on terms.
H. AMPHLETT G. C. HOWELL
101 Union Bank Building
Phone 5900.

IDEAL home site, 26 acres, overlooking Saanich Arm, Patricia Bay; good land, mostly all cleared, small house, good outbuilding. Apply owner, W. Michell, Keating P.O. Phone 13F.

FULLY EQUIPPED SAANICH FARM IN FULL OPERATION AT A TREMENDOUS SACRIFICE
SIXTY-SIX and half acres, 20 cleared and in a splendid state of cultivation; lots of water, 4 acres of strawberries, 130 fruit trees, large number small fruits; capital 8-roomed house, barn, etc. Cows, horses, hogs and chickens included in price. Balance of land is good pasture easily cleared. This farm is in beautiful shape, well worked, absolutely clean and free from weeds and will yield a big interest on capital invested. Going at the absurdly low price of $300 per acre on very easy terms.
H. AMPHLETT G. C. HOWELL
101 Union Bank Building
Phone 5900.

SALT SPRING ISLAND—Plots for sale, 11-26 acres, partly cleared land, south aspect, lake frontage, price $100 per acre. Particulars of J. Stuart Yates, Victoria, or of owner, J. C. Lang, Ganges, B.C.

Dwelling contains sitting room, kitchen, pantry, 2 bedrooms, attic, woodshed. Garden, barn 20x18, standing for three cows, 2 horses, pigsties, chicken house 30x16. A second barn in course of erection. On good road. Price $2,750.

A WELL-BUILT 10-roomed house, with all modern conveniences, in a good locality, standing in about 19 acres of land, with good outbuildings and chicken houses. Good water laid on. Price $6,800; terms.
And many other valuable properties.

C. WALLICH
Real Estate and Insurance Agent
Office: Cowichan Station. E. & N. Ry.

WANTED—About three acres, close in; must be good level soil, no rock, all cleared. Cash down, but must be cheap. Apply 466 Burnside Rd., Victoria.

A FARM THAT IS A FARM

120 ACRES, situated on the Saanich Peninsula, near three lines of communication, all under cultivation, without a rock or a stump.
Absolutely no waste land. This year there are 80 acres in Fall wheat, and 20 in oats, the balance in pasture. The crops are in evidence to prove worth of land and the fertility of the soil.
The water supply is inexhaustible and could be used for irrigation without restriction, if required.
The land is level, with fall enough for drainage, and is free from Canada thistle or other noxious weed—holds the moisture and does not bake.
The price is $300 per acre, which it is hardly necessary to state will not pay for the clearing alone.
There is a useful old house and commodious barn, which can be used for many a long day with a little repairs to the roof.
The owner will make any reasonable terms to suit purchaser.
GRUBB & HAMILTON
Mahon Building (Over 15c Store)

2 ACRES, Prospect Lake, with good bungalow, splendid for chicken ranch and small dairy farm. Only $1,500. Apply R. B. Heath, 1212 Douglas St.

NOTICE TO CREDITORS

In the Matter of the Estate of the Late Mary Elizabeth Marr, Deceased.

NOTICE IS HEREBY GIVEN that all persons having any claims against the late Mary Elizabeth Marr, formerly of the City of Victoria, and who died at the City of Seattle, in the State of Washington, on the 25th day of August, 1917, are required to send by post prepaid, or delivered, to the undersigned, Solicitors herein for Ebenezer B. Madill, executor under the will of the said Mary Elizabeth Marr, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the 10th day of July, 1919, the said Ebenezer B. Madill will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which he shall then have had notice, and that the said Ebenezer B. Madill will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

Dated at Victoria, B.C., this 7th day of June, 1919.

ELLIOTT, MACLEAN & SHANDLEY,
304 Central Building, View Street, Victoria, B.C., Solicitors for the said Ebenezer B. Madill.

NOTICE TO CREDITORS

Jane Darbyshire, Deceased

ALL PERSONS having any claims or demands against the late Jane Darbyshire, who died on or about the 1st day of March, 1919, are required to send by post prepaid or to deliver to the undersigned solicitors herein for Mary Victoria Webb, executrix of the will of the said Jane Darbyshire, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

And take notice that after the 1st day of July, 1919, the said Mary Victoria Webb will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which she shall then have had notice and that the said Mary Victoria Webb will not be liable for the said assets or any part thereof to any person of whose claim she shall not then have received notice.

Dated at Victoria, B.C., this 20th day of May, 1919.

WOOTTON & HANKEY,
Solicitors for the Executrix.
848 Bastion Street, Victoria, B.C.

NOTICE TO CREDITORS

In the Matter of the Estate of Robert Patterson Rithet, late of the City of Victoria, Province of British Columbia, Deceased.

NOTICE is hereby given that all creditors and others having claims or demands against the estate of the said Robert Patterson Rithet, who died on or about the 19th day of March, 1919, are required on or before the 6th day of July, 1919 to send by post prepaid, or deliver to Laurence Arthur Genge and John Alexander Rithet, care of R. P. Rithet & Company, Limited, 1117 Wharf Street, Victoria, British Columbia, the executors of the last will and testament of the said deceased, their Christian names and surnames, addresses and description, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them.

AND TAKE NOTICE that after such last-mentioned date the said executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.

BODWELL AND LAWSON,
Solicitors for the said executors.
Dated this 5th day of June, 1919.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for protective works at Nicomen Island, B.C." will be received at this office until 12 o'clock noon, Wednesday, June 18, 1919, for the construction of a dam, embankment and three groynes at Nicomen Island, Fraser River, District of New Westminster, B.C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department; at the offices of the District Engineers at Victoria, B.C.; New Westminster, B.C.; and at the Post Offices, Vancouver, B.C., and Deroche, B.C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

NOTE.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works, Ottawa, May 13, 1919.

THE CORPORATION OF THE CITY OF VICTORIA

COURT OF REVISION

PURSUANT to Section 19 of the "Victoria City Relief Act, 1918 (No. 2)," notice is hereby given that the first sittings of the Court of Revision of the Corporation will be held at the Council Chamber, City Hall, Victoria, B.C., on Tuesday, July 15th, 1919, at 10 o'clock in the forenoon, to hear complaints against the assessment of improvements (as hereinafter limited) altered or entered by the Assessor on the Annual Assessment Roll of the Corporation for the year 1919.

The right of complaint or appeal is limited by the said Act to the question of the value or assessment of improvements, the assessed value of which has been altered or entered on the said 1919 Assessment Roll in consequence of the removal, destruction or addition of such improvements since the making of the 1918 Assessment Roll of the Corporation.

Any person intending to complain concerning the assessment of any such improvements must give the Assessor of the Corporation written notice thereof, at least ten days before the said date, showing the grounds of such complaint.

E. W. BRADLEY,
Acting Municipal Clerk.
City Hall, Victoria, B.C., June 10, 1919.

MINIMUM WAGE BOARD OF THE PROVINCE OF BRITISH COLUMBIA

NOTICE is hereby given that pursuant to Chapter 56 of the Statutes of 1918, being the "Minimum Wage Act," a public meeting will be held at the Court House, Georgia Street, in the City of Vancouver, B.C., no Wednesday, the 18th day of June, 1919, at 10 a.m., for the purpose of hearing any person interested in the establishment of a minimum wage and hours and conditions of labor for women engaged in the manufacturing industry, including the making, preparing, altering, repairing, ornamenting, printing, finishing, packing, assembling the parts of and adapting for use or sale any article or commodity, but excepting fish, fruit and vegetable drying, canning, preserving and packing.

A cordial invitation to be present is extended to all those who desire to be heard on the above question before a minimum wage and hours and conditions of labor are determined.

MINIMUM WAGE BOARD FOR THE PROVINCE OF BRITISH COLUMBIA
J. D. McNiven (Chairman);
Helen Gregory MacGill;
Thomas Mathews.
Victoria, B.C., June 5, 1919.

PRICES FALL SHARPLY AT CLOSE OF SESSION

Decline Is Caused by Money Situation After Steady Advance During Day—Market Early Shows Breadth.

NEW YORK, June 12.—The money situation today caused a decline in the final hour of trading on the stock exchange.

During the greater part of the session prices were marked up steadily, with the speculation becoming very broad, numerous shares which commonly do not figure to a notable extent in the dealings advancing 4 to 5 points.

The enthusiasm which was manifested for the long side of the account was attributed almost entirely to the fact that speculative interests apparently had recovered from their recent scare over money conditions, and were disposed to take into account the number of favorable factors in the general situation making toward improvement.

These included brilliant crop reports and revived inquiries on a large scale for copper and steel products. Rails acted in a hesitant fashion during most of the day, while United States Steel also showed a wavering tendency at times, but otherwise the trend was aggressively upward, with a long list of shares scoring advances anywhere from 1 to 7 points until the final dip.

Sales amounted to 1,400,000 shares.

Bonds inclined upward, with Victory 3¾ establishing a new high record at 100.38. Total sales, par value, $11,400,000. Old U. S. bonds unchanged on call.

NEW GRAIN BOARD WILL BE CREATED

OTTAWA, June 12.—Notice has been given by Hon. A. K. Maclean, acting Minister of Trade and Commerce, of amendments to the Canadian Grain Act, which will create a board to be known as the board of grain appeals, to consist of three members, who must be grain experts, and who shall hold office for a period of 10 years. The offices of the board will be located at Fort William, where it can most conveniently hear appeals from the chief inspector on samples of grain respecting which the grading is disputed.

Provision is also made for the establishment of a survey board at Calgary for the district of Calgary. The amendments provide that all track buyers and owners and operators of warehouses and mills and all grain commission merchants shall take out annual licences. In future no person, firm or corporation, licenced as a grain commission merchant, shall directly or indirectly buy for their own account any grain consigned to them for sale on commission.

ABJECT SURRENDER OF GERMANY'S ARMY

LONDON, June 12.—(Reuter's)—Speaking at Mercers' Hall, where the freedom of the Mercers' Company was conferred upon him and Admiral Beatty, Field Marshal Haig emphasized the completeness of Germany's military surrender. He said that to have pressed forward after the great culminating defeat of the Germans on the Sambre on November 4, 1918, would have meant further loss of life, destruction of property and expenditure of money, while it could not have rendered Germany more helpless in a military sense than she was today, with her army dissolved, her guns, transport and airplanes surrendered and the crossings of the Rhine held by the Allies.

The surrender of the German fleet was not more abject, complete and irrevocable than the surrender of the German army.

LONGSHOREMEN WOULD NOT WORK GOVERNOR

Passengers Hired to Handle Cargo When Vessel Docked From South This Week—Men's Action Unexplained.

When the s.s. Governor reached the Outer Docks from Californian ports there were five longshoremen on hand to unload her. These men refused to touch the baggage of a man who wished to get off here on his way to Vancouver. The ship's officers said that they would not ask the men to handle the baggage, and the longshoremen raised no objection to taking off the local cargo. Five more men were needed so the longshoremen's headquarters were phoned, but a refusal met the request for workers. No reason was given. The five longshoremen admitted that the Governor, en route to Seattle, was a "fair" ship, but they would not work her because they were afraid of what their comrades might say.

The upshot of the thing was that passengers on the Governor were hired to handle the cargo and as a result of their labors they made over five dollars apiece.

The reason for the longshoremen's refusal is not known. The only information obtainable at the headquarters is that the men did not refuse to work, and that it was only the shortage of men, common at this time of the year. The men also maintain that they are never notified how many longshoremen will be needed and often they go to the wharves and do not get work. They claim that this sort of thing cannot continue.

COMING AND GOING

SAN FRANCISCO, June 12.—Arrived: Strs. Tajima Maru, Balboa; Wapama, Astoria; Aurelia, Portland. Sailed: Strs. Admiral Dewey, Seattle; Klamath, Portland; West Conob, Manila; Diablo, Calcutta.

PORT LUDLOW, Wash., June 12.—Sailed: Schooner Lizzie Vance, Kanapali.

TACOMA, June 12.—Arrived: Steamers Marmion, Granby, B.C.; Admiral Rodman, Ocean Falls, B.C.; Phyllis, San Pedro. Sailed: Steamers Rainier, San Francisco; Ernest H. Meyer, San Pedro; Elihu Thomson, Seattle; Marmion, Vancouver, B.C.

PORTLAND, Ore., June 12.—Arrived: Steamer Colonel E. L. Drake, Los Angeles; Daisy Putnam, San Francisco. Sailed: F. S. Loops, San Francisco; Agarista, Grays Harbor.

REPAIRS WILL COST $35,000

The Bethlehem Steel Shipbuilding Corporation of San Francisco has received the contract to repair the patrol ship Stadacona, which recently put into the Californian port after losing her rudder in a storm off the Coast. It is learned from a reliable source that the contract price is $35,000. The Stadacona will require a new stern frame and rudder and will be about a month in drydock. It is not known what firms were asked to tender on the repair work.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot above the average level of lower low water.

GUM DECAY CAUSES TOOTH DECAY

Healthy teeth need healthy gums to hug them. Else they will loosen in Pyorrhea. Tiny openings will come in the gums to act as the gateways of disease germs, which infect the joints or tonsils, or cause other ailments.

Forhan's prevents Pyorrhea, if used in time and used consistently. No mere toothpaste does. Are your gums tender, puffy? Are they bleeding gums? If so, you are certain to have Pyorrhea (Riggs' Disease). Four out of five people who are over forty have it.

For this we earnestly recommend Forhan's. It firmly preserves the gums which hold the teeth secure.

Brush your teeth with it. Forhan's cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

35c and 60c tubes. All Druggists.

FORHAN'S, LTD., 307 St. James St., Montreal.

ENA ARRIVES AND CREW IS PAID OFF

Deckhands and Firemen of Freighter Left Her When She Reached Here Yesterday—Overhaul Vessel.

Making a non-stop run from Prince Rupert, the C.P.R. freighter Princess Ena, Capt. T. Cliffe, reached the Inner Harbor at 4 o'clock yesterday morning and tied up alongside the coal hulk Will E. Case. Sixteen men, deckhands and firemen, were paid off, leaving two quartermasters, the deck officers, engineers, Chinese cooks and chief steward.

Yesterday afternoon the boat went to the Victoria Machinery Depot where she will be cleaned and painted on the ways there.

The Ena brought no cargo south. Before touching freight in the holds at Prince Rupert the crew wired Vancouver labor temple, asking for orders. They were told to lift the freight out of the holds but not to touch it on the dock. All waterfront men at the northern port are on strike, and the fishermen are not going out in their boats because they cannot ship their catches.

FORCED SOUTH WITH CANADIAN FREIGHT

Steamer Billiton Unable to Get Sugar Cargo Unloaded at Vancouver or Seattle — Bound to San Francisco.

VANCOUVER, B.C., June 11.—The Dutch East Indian steamer Billiton cleared from this port this evening with two thirds of her cargo still in her hold and has gone on to San Francisco where she will unload her sugar freight and take on her new cargo for Batavia. When the general strike was declared in Vancouver, the Billiton was about one-third unloaded and the longshoremen walked away on the stroke of the strike clock. An effort was then made to have the boat unloaded at Seattle, but the longshoremen refused to unload her there because a portion of cargo had already been removed.

SHIPS GOING ON NORTHERN ROUTE

Prince Rupert Left Vancouver Yesterday—George Likely to Sail Monday—Alice May Get Away Saturday.

The shipping situation is loosening up. At 4 o'clock yesterday afternoon the Grand Trunk steamer Prince Rupert left Vancouver for Prince Rupert and way points crowded with passengers. So great was the rush in Vancouver that no passengers were taken from Victoria. The flier got away four hours ahead of her usual schedule. The reason for this is not known here. The Rupert is taking the George's run, and it is considered likely that the latter will start for the north on Monday.

Another addition will likely be made to the northern service shortly, as the C.P.R. is endeavoring to get the Princess Alice away for Skagway from Vancouver on Saturday night. The vessel is tied up here.

There is not yet any sign of weakening among the strikers. "We are just getting nicely started," said one seaman yesterday.

Buenos Ayres Newspapers

BUENOS AYRES, June 12.—For the first time in thirteen days the newspapers La Nacion and La Prensa will be published tomorrow. It is understood that other papers which suspended publication on account of the printers' lockout will resume as soon as non-union printers are obtained.

SPONSOR NAMED FOR LAUNCHING MONDAY

Wife of Bureau Veritas Surveyor Will Wield Champagne at 8:30 in Evening on Prow of Ottawa.

The eighth wooden vessel to be launched here by the Foundation Company will slide into the harbor on Monday night at 8:30. This steamer, the Ottawa, will be sponsored by Mrs. W. J. Stevens, wife of Capt. Stevens, surveyor here for the Bureau Veritas.

The Ottawa will be launched from the Point Ellice yard, and it is expected that the public will patronize this event as well as they have the other evening launchings of the Company. Two other boats have taken to the water after the supper hour.

MARINE DEPARTMENT EMPLOYEE RETURNS

Private Percy Stevens, who left the employ of the Marine Department to go overseas, is back in this city, and yesterday he was being enthusiastically greeted by his many friends in the Department Building on Wharf Street.

Private Stevens joined the 88th in 1915 and transferring to the 48th, he went overseas in 1916. Following the Battle of the Somme the young fighter became battalion runner. He has suffered several slight wounds. Private Stevens joined the Marine Department in 1912.

RUSSIA SAILS FROM HERE THIS MORNING

Big Liner Got Away From Mainland Last Night—Makura Held Up Indefinitely—Venture Sails for Seattle.

VANCOUVER, June 12.—In spite of the handicap of the seamen's strike, there is added activity along the waterfront today. The liner Empress of Russia will leave here this evening on schedule, fully loaded and equipped, and will sail from Victoria at 9 o'clock in the morning. She has a large passenger list for Russian and Oriental points. The Union Line steamship Venture will sail for Seattle this evening. The Grand Trunk Pacific liner Prince Rupert will clear for the North today with passengers, baggage, mail and freight. She carries foodstuffs badly needed at isolated Coast points in her route.

The Victoria and Nanaimo boats are sailing daily. The Australasian liner Makura is held up indefinitely. Her big cargo of mutton for Canadian consumption is still in the hold.

NIAGARA DUE JULY 3

VANCOUVER, June 12.—The Canadian-Australian liner Niagara will sail from Auckland, N. Z., June 17. She is due in Vancouver on July 3.

The Methven and the Monteagle from the Orient are due here almost simultaneously. The Monteagle is expected to arrive June 20. She carries over 700 Canadian-Siberian troops.

CANADIAN CONCERN IN ALLIED PACKERS

NEW YORK, June 12.—Mr. John A. Hawkinson, president of the Allied Packers, Inc., the new independent packing corporation, announced today that the Canadian concern which will enter the new company is Matthews-Blackwell Ltd., with headquarters at Toronto and five places in all, located at various points in the Dominion.

Mr. Hawkinson stated that the concern was probably the largest packing enterprise in Canada.

Canadians Detained by Strike

LONDON, June 12.—The Scotian, with 1,700 Canadians on board, is held up at Liverpool by a strike of ship stewards. All the Atlantic liners are affected, the sailings of the steamers Canada, on Thursday, and the Baltic and Belgic on Saturday, being cancelled.

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. DeVries, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. DeVries did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been restoring such health. If you have unusual complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

MOST ALLURING BAIT FOR TROUT

Louis Rhead, in Rod and Gun.

Every old, experienced angler, has doubtless observed at different periods the rise and fall of various methods in the capture of the trout. From the days of William Prime, when worm fishing for trout was considered a fine art, the evolution has been complete so that the present time finds the outlook on a level basis and in a fairly rational state. I do think, however, the state is but transitory; that we are on the verge of still advancing to get better things, better methods, better implements, and a much more thorough understanding of the fine art of fishing. We shall later see the average angler get nearer to Nature, study the aspects of a trout stream, in all its varied conditions, and become familiar with aquatic insects and other trout food. We shall, in a future time, not be contented just with catching fish, but will rather find, and devote a greater portion of our time in making flies to imitate insects in fabricating on our leaders, constructing better rods more suited to our individual wants than it is possible to buy. The modern American has a thoughtful, energetic mind, would rather invent and construct tools of the craft in preference to being led by the nose on all issues of that craft, by tackle dealers, their shop clerks, or manufacturers. In other words, he will want things his way and not take any old thing offered in exchange for cash. Also if the angler will insist, now and then (a line to the editor will do it) that magazine writers divert their energies to more useful and important subjects than the hoary old controversy—"are bass more gamey than trout." That question has been settled long ago by the angler's own experience. He knows, well enough, bass are more gamey than trout, and also, that trout are more gamey than bass. From the period when dry-fly-fishing was imported from England the method has simmered down to its right position as a mere annex to fly fishing, and its devotees, (of which I am one,) have ceased to claim its exclusiveness, and its preeminence, as a method.

These preliminary observations to what is most alluring to trout, are intended to demonstrate that the broad-minded angler can effectively seduce trout at the right time with either worm, wet fly, dry fly or minnow—natural or artificial—equally well, if he endeavors to rightly understand the haunts and habits of the fish, and the reasonable rise of insects,—both being subject to weather conditions, and water conditions. It is fortunate indeed, the four lures, worms, wet fly, dry fly and minnows are equally effective to all species of trout, no matter whether they haunt the waters flowing to the Atlantic, or to the Pacific. Of the latter, the most popular are the Rainbow, Dolly Varden and Cutthroat. Of the former the most abundant are the Speckled trout, Brown trout and Rainbow. But the average size of the Atlantic trout run much smaller, for a five pound Rainbow caught in the East is considered a giant. The same species caught in the West, from ten to fifteen pounds weight, is a common event. In every instance I allude to fish captured in their wild habitat. I have no interest whatever in trout reared and fed in captivity. I am fully aware that wild trout may be captured on other lures than the fly, worm and minnows but the right choice of them for the proper time, and place, the care and skill used, are the things to achieve success. To quote from Prime's "I go a-fishing," wherein he says: "The piscatorial dilettante is fond of condemning worm fishing as a low business. I differ from him. It is fine art, and in all the classics of our art has taken high rank. If the test be found in the amount of skill required for its practice, then, without dispute, it ranks as high as fly fishing." He further says, "the angle-worm is your main reliance, but if that does not take, try the tail of a small trout, or bright-colored fin. Sometimes nothing is so taking as a grass hopper; at another time the eye of a trout, and often the red gill attract large fish." The baits here mentioned are as truly effective today, for the three species of trout in any locality of Eastern waters. The case is different of Western trout, because of the wide range and different climatic conditions from Southern California to Alaska. In rivers near Butte, Montana, Rainbows of large size will take four inch bullheads and monster stone-flies, while more south, grasshoppers, caterpillars and even crickets are popular baits. East or West, minnows of various size and species are alike considered superior bait for big fish. Naturally so, when it is considered that minnows furnish 90 per cent of their diet. The most effective use of flies—wet or dry—is purely a local matter to the streams you fish; that is, if your intention is to choose your flies to imitate the insects upon which the trout feed where your fishing is done. If you are not seriously intent upon the higher art of fishing and consider it sufficiently satisfactory to play the "chuck and chance it style," i.e., casting anywhere, in any old way, (with commercial flies that are simply a bunch of colored feathers that imitate nothing), your chances are far less certain of good results either for fish or fishing for pleasure. As before stated, it rests entirely with the angler himself what he wants, and what he gets. Certainly the difference in real pleasure and results between the two is very wide, indeed, as much, as day unto night; as water is to wine.

I don't suppose any angler with a knowledge of the rudiments of fly casting could fail to cast a dry fly properly after a few hours practice under a competent teacher. Success comes quicker in the use of proper tackle, a tapered line, tapered leader, at the end of which is attached a single cock-winged drake fly. The same proper tackle applies to wet fly fishing, a tapered line and gut, at the end of which is tied a lapwing dun, or upwing drake, is immaterial; but the two other flies should be graded larger in size as tied up the leader two feet apart from the end fly. These three wet flies should be allowed to run in mid-water fifty or more feet down stream while you wade the middle. As a rule this method is more successful to cast a full creel than casting across stream from the bank to float down stream below to your side. If insects are rising from the bed of the river to the surface, then also, on the wing in the air, and your flies are a fair imitation of them, the chances are better, whatever baits, natural or artificial, are employed. The only time when the dry fly method is really more effective on a running stream is at the tail end of large placid pools, or perhaps at the head of the pool. All depends upon the surface conditions and depth. If a long pool is shallow at the head and tail end, but deep at the middle, fish the middle. Your own best judgment is the only guide as to methods and baits most alluring to trout.

PRESS COMMENT

Looking Forward

A two million cubic feet ship could make the outward voyage from Britain to New York and back without alighting to replenish fuel supplies, and, unlike the aeroplane, the bigger the ship, the more effective it is in lift, and the cheaper it is within the bounds of possibility that 1925 will see an aeroplane mail service and an airship passenger service from Singapore.—Singapore Free Press.

The Boot is on the Other Leg

The German delegates at Versailles have already complained that they are not allowed sufficient liberty. It is interesting to recall what Jules Favre wrote as to the manner of his reception by Bismarck in 1871. "I was guarded like a State prisoner. M. Rameau, Mayor of Versailles, spoke to me, not indeed at peril of his life, but certainly of his liberty. Bismarck sent a carriage to Sevres for me. I was escorted by a guard of ten, two of whom entered the carriage with me. It was impossible for me to communicate with anyone whatever."—London Daily News.

Papers and Politics

The advice of Henry Watterson is that newspapers should never specialize in politics—in fact, they should avoid it as much as possible. This opinion comes after the eloquent Kentuckian has played the game for half a century and has just laid down the editorial pen for the purpose of giving his political reminiscences. The day of the party organ has, in fact, waned. Time was when the editor not only must convince himself that his party could do no wrong, but he had to blazon it from his inky pulpit every day. He had to cheerfully and enthusiastically support every candidate who wore his party label, even though he privately knew him to be a crook and a scoundrel of the first magnitude. This subservience was imputed an editorial virtue, but today parties and candidates must be worthy and capable else the support of the reputable newspaper cannot be assured, even though that paper cling closely to its political faith.—Los Angeles Times.

Should Show Fruits of Repentance

The Germans assert that they have never really wanted war, that, as Count Brockdorff-Rantzau says, they were poisoned by Imperialism and generally misled, and that none other more ardently craves for universal peace. Well, which is it to be? Germany manifestly cannot at the same time cherish revenge and seek peace. So long as the German leaders continue to assert two mutually destructive propositions the Allies can but proceed to act upon their knowledge of the German character and of the records of history. If the Germans actually perceived their guilt, if they discovered what is called repentance, they would not threaten "fresh killing." Nor would they consider the terms of peace unjust. They would regard the conditions as even merciful. But defeat has evidently failed to convert the German. Nor do we expect his conversion during this generation. Therefore we must exact guarantees.—London Morning Post.

Shirking the Issue

While the trading community is convinced to a man that the great burden of the national debt, and especially our indebtedness to the United States, make increased national production a supreme and immediate necessity, organized labor will not face the situation. It is hardly discussed. It is just thrust on one side, and nationalization is put forward as the rival panacea, though most people have a shrewd idea that so abstract a proposition as nationalization is only popular because it promises higher wages and fewer hours, and, therefore, is tolerably certain to result in decreased production. It is, to put it mildly, one of the least hopeful signs of the times that, when all the trade and financial authorities point to increased production as the one road of salvation, labor insists on raising other issues. Moreover, it is just here that American competition is most dangerous, for American labor encourages increased production as deliberately as in this country it is discouraged.—London Daily Times.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little *Saturated* magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure saturated magnesia, which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal and note what a difference this makes. It will instantly neutralize the distressing, harmful acid in the stomach which causes most of the trouble, and sour, gassy stomach, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everybody after eating.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any fear of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way as long as there are any symptoms of acid fermentation.

What Went Ye Out For?

What, after all, brought the Dominion troops to the battlefields of Europe and the other continents touched by the war? It was no lust of fighting, no greed of gain, not even—though that was strong—the yearning for adventure. It was the faith that in British ideals lay the true hope of civilization—above all other motives. Set over against that faith, all other desires, hopes, beliefs seemed worth very little. Men came to fight for this faith; many died for it; many more bear in their bodies the marks of the wounds they had for it. Those who did not die return now, crippled or marked or whole, to their homes again.—London Times.

Jitney Man Charged

In the police court yesterday a jitney man was charged with having violated the by-law, inasmuch as he had overloaded his car, and had failed to answer a summons, so a warrant was issued for his arrest.

Now Is the Time to Buy Your Towels for the Beach

—The better the quality of your Towel the greater enjoyment you will experience from your dip in the sea. A brisk rubbing with a superior quality towel increases the circulation and brings your vitality to the very top notch.

—From our complete stocks of quality towels you may select those that will give you the most satisfaction in every way.

White Turkish Towels, in all sizes, from the medium for the children to the largest bath towels. The weaves vary in quality, from the thickly piled English Turkish to the tight Canadian and Japanese weaves, at prices, according to size and quality, as follows: Each, 25c, 30c, 35c, 40c, 45c, 60c, 75c, 90c, $1.00 and $1.50.

Colored English Towels, of which there is quite a shortage the present time, in many different qualities and sizes. Colored towels are undoubtedly the best for the beach, as they do not show soil marks so readily as the white qualities. In these lines we offer some superior values at the following prices: Each, 35c, 40c, 45c, 70c, 85c and $1.00.
